A. MINUTES: AUGUST 6, 2019 REGULAR CITY COUNCIL MEETING

ITEM – 4 – OLD BUSINESS

A. STAFF AND BOARD UPDATES

Nick Williams Vice-Chair of the CRA gave a brief update from the CRA. Mr. Williams noted the CRA have several projects lined up, one being the parking lot behind Block 12 and another the Corner Sign Program. Mr. Williams said they are also looking at increasing the Façade Grant funding for businesses.
Terry Whitt asked when the CRA plan on finishing the Veteran’s Memorial. Carolyn Ten Broeck from the Chamber of Commerce answered saying they were still selling bricks for the project. Mrs. Ten Broeck stated there are about 600 bricks left and they have sold about 200 this year and Dr. Schweibert has been laying the bricks himself and there are about 100 left that need to be placed. Utility Director CJ Zimoski weighed in saying Five Star Landscaping are coming out to finish up the landscaping and when that is completed the bricks can be laid.

- WATER ISSUES ON NW MAIN ST.

Utility Director CJ Zimoski updated the Council on the water issue on NW Main St. CJ Zimoski said he’s waiting on the Engineer to report back to him and as soon as he receives the report, he will update the Council.

- RETIREE HEALTH INSURANCE

City Manager Scott Lippmann informed the Council, if an employee is of Medicare age and working for the City, the City is the primary insurance. If the employee or the City pays for the premium, it remains primary until the employee is no longer working for the city. Council President asked has it been discussed with the City Attorney. Attorney Koberlein answered no. President Wininger asked that this item be on the next agenda.

- PROPOSED HUMAN RESOURCE MANUAL

City Manager Scott Lippmann informed the Council all the changes to the HR manual have been made and he would like for everyone to take one more look at the manual in the next couple of weeks and let him know of any changes and if none, the Council can vote on it at the next meeting.

ITEM – 5 – NEW BUSINESS

ITEM – 6 – PUBLIC PARTICIPATION - None

ITEM – 7 – ANNOUNCEMENTS –
Mayor Robinson said he was concerned about Banner day starting on Saturday. Attorney Koberlein stated that one of his clients where hit with it. Attorney Koberlein informed the Council that if the City was hit they could lose equipment, payroll for several weeks and they would have a hard time communicating. Attorney Koberlein suggested that we make sure we have Insurance in line and have a consultant come in and access our computer system. President Wininger asked Mr. Lippmann to follow through with getting a consultant. Council President Wininger discussed with the Council about her recent conference she attended and one of the main focus was on being “Spy Ready”. After some discussion Council President Wininger asked City Manager Scott Lippmann to someone come in and check our systems to make sure we are not in danger of getting hacked.

Subject: Heritage Park, Phase 3
Project # 12-23

Dear CJ:

Per your request and our onsite meeting, we looked at the current drainage issue at the intersection of NW Main Street and NW 3rd Ave. This location is where there was a very small swale on the Heritage Park site that once it fills up floods the intersection and then flows west along 3rd and impacts adjoining properties.

During our onsite meeting we looked at three different options to potentially solve the issue. Option 1 which is the most expensive option would also be the least problematic. It would involve installing an 18" storm pipe inside Heritage Park along the east side of NW Main and tie to the storm pipe on NW 2nd Ave. This would capture the stormwater from Heritage Park and the eastern ½ of NW Main and direct it to the storm sewer system on NW 4th St. However, as we know the system on 4th is at or above capacity so this may just shift the problem.

Option 2 would be to add asphalt to the intersection of NW Main and NW 3rd Ave. This would direct the current ponding of stormwater down NW 3rd. In order to minimize flooding of the adjacent lots on 3rd some sort of asphalt curbing would be required to keep stormwater within the street as it flows south. Once it gets to NW 1st Street the stormwater currently flows slightly south then along a lot line where there is a concrete flume to direct the stormwater further west onto vacant property. We anticipate due to the additional flow this concrete flume would have to be enlarged or lengthened. However, this may create an issue with the adjacent homeowner and the vacant property the stormwater is being discharged onto.

Option 3 would completely reconstruct NW 3rd to be an inverted crown roadway section. This would direct stormwater from the intersection to the center of the street and convey it to NW 1st as it currently does. However, no curbing would be required to keep stormwater from discharging onto the adjacent lots. The same issues would apply on NW 1st and the existing flume would have to be improved.
Option 1  
Preliminary Opinion of Probable Construction Cost  
Extending Pipe down NW Main to NW 2nd Ave.
