

## 23rd Central Bank Macroeconomic Modelling Workshop

Oslo, October 6<sup>th</sup>-7<sup>th</sup>

Hosted by Norges Bank

**Submission deadline: May 31<sup>st</sup>, 2020**

The Norges Bank will host the **23<sup>rd</sup> Central Bank Macroeconomic Modelling Workshop**. This annual workshop aims to give policymakers and academics the opportunity to discuss issues related to the class of models used for policy analysis.

This year's workshop "Microeconomic Perspectives in Macroeconomic Modelling" focuses on the importance of micro-based models and micro level data in informing policy decisions. Professor [Benjamin Moll](#) (LSE) and Professor [Aysegül Sahin](#) (UT Austin) have agreed to act as keynote speakers.

The organizing committee invites submissions of both theoretical and empirical work on the following topics:

- distributional effects of macroeconomic shocks
- balance sheet heterogeneity and the transmission of monetary policy
- distributional consequences of conventional and unconventional monetary policy
- monetary policy and financial intermediaries
- interaction of monetary and fiscal policy in the presence of heterogeneity
- household/firm survey expectations
- heterogeneous agent New Keynesian models
- policy implications of advances in micro modelling and data analysis
- labor markets and the business cycle
- policy implications of structural changes

The scope of the conference is not limited to the topics listed above and submissions related to any issue of relevance for central banks are welcome.

## **Important Dates**

We invite authors to submit completed papers (preferred) or extended abstracts in pdf format to [event@norges-bank.no](mailto:event@norges-bank.no) by **May 31 2020**. Authors of accepted papers will be informed by **July 15, 2020**.
