ALL-IN-ONE DISINFECTING/SANITIZING SOLUTION

Airworthy offers the most comprehensive, **all-in-one**, disinfecting-sanitizing solution for aviation and transportation industry; included in this kit are FAA approved products paired with electrostatic tools and cleaning supplies.

Electrostatic disinfecting is a touchless application of agents that effectively and evenly coats surfaces with a disinfecting solution. This is particularly useful in hard to reach areas, and bonds to all high-touch surfaces, making it perfect for airplanes, trains, cars, and all public transportation.
