

## *Interested in Acting?*

*If so, let us know!*

*We, at Square Peg Society, have been approached by a talent agency wishing to develop a roster of actors on the Spectrum. This agency tells me that recently, they are getting calls for people who could fill roles for ASD characters, and that their preference would be to hire ASD actors. If there is interest, we would consider a workshop, with our Confident Conversations facilitators, to train and prepare ASD individuals for occasional work in film and theatre. This will take us awhile to organize, but if you are interested, please contact us at: [admin@squarepegsociety.ca](mailto:admin@squarepegsociety.ca)*
