

CHELATED MINERALS: *Nutritional feed ingredient for animals that contains a combination of organic zinc, manganese, copper and cobalt.*

These trace minerals are required by animals for numerous functions including:

- **Immunity**
- **Reproduction**
- **Skin and Hoof Health**
- **Growth and Muscle Development**
- **Milk Production**
- **Fiber Digestion**
- **Energy Metabolism**

These are also beneficial in coping with stress challenges when the animal has a proper balance of trace minerals as well.

DIAMOND V XPC: *An all-natural fermentation product for use in all types of ruminant diets. Original XPC is not a single compound, but a unique product consisting of numerous beneficial metabolites together with beta-glucans and mannans to support cattle health and performance.*

GROWING LIVESTOCK TOGETHER

BREEDING

CPM6000 (MAG, IGR option) \$0.07/head/day
CPM Mineral Tubs (IGR option) \$0.42/head/day

CPM6000 includes Chelated Minerals Copper and Zinc to help:

- Breed back interval
- Increase cow immunity and health
- Reduce instances of foot rot

GESTATION

Pasture Options:

CPM6000 (Mag, IGR option) \$0.07/head/day
CPM Mineral Tub (IGR option) \$0.42/head/day

Stalks Options:

CPM6000XPC \$0.11/head/day
CPM 28-10 Protein Tub \$0.33/head/day

**NO LOOSE MINERAL NEEDED WHEN FEEDING
THE CPM 28-10 TUB**

CALVING

CPM6000XPC Mineral \$0.11/head/day
CPM Transition Tub \$0.45/head/day

Feed 3 weeks prior through 3 weeks post calving.
Includes Diamond V XPC & Chelated minerals to help:

- Reduce scours and support immunity
- Sustain vitamin and mineral levels post calving
- Improve milk production and colostrum quality
- Cow clean out and rebreed

WEANING

CPM4000R (Meal) \$0.68/head/day
Calf Creep Bov (Pellet) \$0.82/head/day
CPM Transition Tubs \$0.45/head/day

**All include Diamond V XPC and Chelated
Minerals**

CREEP FEED

CPM3999CTCBOV (Starter Meal) \$0.60/head/day
(One feeding and then switch to CPM4000R)

CPM4000R (Meal) \$0.46/pound of gain
16.5% CP with 4-1 FG ratio

Calf Creep Bov (Pellet) \$0.68/pound of gain
14% CP with 5-1 FG

**WE STAND BEHIND OUR
PRODUCTS & SOLUTIONS**

All of CPM's calf creep has Chelated trace minerals (Zinc, Copper, Manganese, Cobalt) included to benefit calf health and muscle deposition. Also includes Diamond V XPC for improved forage digestibility and gut health.
