

Worship Growing

- If you aren't setting aside personal daily time with God, start setting aside 5 minutes per day for the next month. Increase each month until you are at a minimum of 30 minutes per day.
- We are so glad to see you every week. You are a valuable part of the family and we love seeing you at the family gatherings. Keep up the good work!
- If you enjoy writing in a journal, try writing down your thoughts about God on a daily basis; how He has blessed you throughout the day; your thankfulness, or whatever comes to mind.
- As you continue to move to the right, look for our next Monday night Journey class that has started/will begin soon. Journey 2 will strengthen your faith and answer questions you may have regarding the meaning of worship, listening and hearing from God, applying Scripture to your everyday lives, and so much more.
- Hide God's word in your heart. Start with memorizing this verse.
2 Peter 3:9 *"The Lord is not slow in keeping His promise, as some understand slowness. He is patient with you, not wanting anyone to perish, but everyone to come to repentance."*
- If music is worship to you, start listening to Christian music in the car or in the house.
- Start looking at your personal boundaries and how God would have you change them or make them stronger to be more focused on Him.
- For your personal worship, consider adding a spiritual discipline (candles, Scripture, prayer, worship/praise music, or just quietly listening to see what God has to say for example).
- Attend a small group that will strengthen your knowledge of spiritual disciplines.
- Take someone new to worship to lunch after a service and encourage them in coming to church.
- Make it a habit to check You Version, online books or your local bookstore for books that touch your soul where God is leading you.... and read them 😊
Decide what God is saying to you through what you read and bring it back to corporate Bible Study as a way to test the spirits.
