# LED NARROW LENS STRIP

## PRODUCT DESCRIPTION:

The LED Narrow Lens Strip is the perfect solution for nearly every retail and commercial space. TechBrite's Narrow Lens Strip can be surface or pendant mounted. The fixture is built with quality steel and a post-paint finish, allowing for polished edges and optimum light optics. The diffuser provides excellent light distribution and also masks the unsightly pixilation created by the LED diodes. The driver and LED chip combination generates more than 100 LPW. The driver is dimmable, allowing for optimal end user control. The LED Narrow Lens Strip fixture is an efficient and affordable alternative to fluorescent.

## FEATURES:

- Architectural linear lighting fixture
- Surface or pendant mounting
- Lightweight for easy installation
- Individual or continuous row mounting—joiner available
- 0-10v Dimming standard
- Limited warranty: 5 years on luminaire
