

PERSONAL TRAINING PACKAGES & MONTHLY EFT AGREEMENT

Personal training is one of the best investments you can make in your health, happiness, and overall quality of life. It helps you achieve faster results, boosts confidence, and creates fun and challenging workouts custom built by knowledgeable trainers in a safe environment. Our unique monthly training plans are an effective way to give you consistent and measurable results, one month at a time. Whether it is with private one-on-one sessions that are tailored to your unique goals, a duet session with your bestie that keeps you accountable, or a group session that mixes things up and keeps you motivated.

Refund & Cancellation Policy: Packages and monthly EFT agreements are non-refundable. To cancel an individual session, please contact the club or your trainer at least 24-hours in advance. If a session is canceled within 24-hours, you will be charged the full amount for the session. If you have opted-in for automatic renewal and wish to cancel, submit written cancelation to the Wellness Director, 72-hours before the term expires or before your last sessions is used.

Billing: The amount shown below in the Total Billed section will be added to your monthly statement. The credit card on file will be charged on the first of the month when the EFT is run.
