A Judge/Critic shall be obtained to evaluate prints submitted to the exhibit in two divisions: monochrome and color. The judge shall, following his or her critique of each image, designate an image as either "Accept" or "Reject" to identify whether or not an image is accepted into the exhibit.

Rules

1. Members may submit a maximum of three (3) prints total per monthly exhibition.
2. Image capture and digital processing/manipulation must be done by the maker. Images not captured by the maker (including downloaded images) cannot be included.
3. All prints shall be mounted on boards and/or sturdy enough to be displayed by current club standards.
4. Mats, if used, shall be black or white only. A single inset mat of any color may be used, not to exceed 1/2 inch on any side.
5. Prints, as presented with mounting, must not exceed 18 x 20 inches.
6. All prints will have the maker's name and the title of the picture on the reverse side of the mounting board in the upper left corner. Front of board identification will not be allowed until after judging is complete.
7. All prints accepted into the monthly exhibit will hang in the gallery at the discretion of the Gallery Director.
8. Prints accepted into a monthly exhibit are not eligible to be entered in future Darkroomers monthly exhibitions.
9. Images not accepted into the exhibit may be submitted twice more without modification.

21. QUARTERLY COMPETITION

The Quarterly Assigned Subject Competition (“Quarterly Competition”) shall be conducted in two divisions: Monochrome and Color.

Scheduling and Subject Matter

Four (4) regular, non-exhibition, meeting dates will be set-aside at the start of the year by the Program Director to be used for a quarterly competition.

Each quarter is approximately 3 months in duration and should be scheduled such that the first quarter begins January 1st and ends on or around March 31st. The second quarter begins around April 1st and ends around May 31st. The third quarter begins around June 1st and ends around August 31st. Finally, the fourth quarter begins around September 1st and ends no later than December 30th.

Themes to use for quarterly competitions are chosen by the programs committee and are assigned to the competitions during the year at the discretion of the Programs Director.

Rules

1. Image capture and digital processing/manipulation must be done by the maker. Images not captured by the maker (including downloaded images) cannot be included.
2. All prints shall be mounted on boards and/or sturdy enough to be displayed by current club standards.

3. Mats, if used, shall be black or white only. A single inset mat of any color may be used, not to exceed 1/2 inch on any side.
4. Prints, as presented with mounting, must not exceed 18 x 20 inches.
5. All prints will have the maker's name and the title of the picture on the reverse side of the mounting board in the upper left corner. Front of board identification will not be allowed until after judging is complete.
6. Members may submit up to two (2) prints in each division. (i.e. no more than 2 color prints and no more than 2 monochrome prints.)
7. Image capture must occur during the quarter in which it will be submitted.

Scoring

Members shall earn one (1) point for each print entered into the competition. Additional points shall be awarded to each division winning image as follows:

Three (3) points for each First Place winning image.

Two (2) points for each Second Place winning image.

One (1) point for each Third Place winning image.

Voting

The members and guests in attendance shall each vote for three (3) images in each division by secret ballot. The President, or his/her designee, shall tally the ballots and, by a count of all ballots, decide the First, Second and Third place winners for each division.

Tie-Breaking

There shall be no tie-breaking rounds. All prints which tie for an award will receive the same number of points. For example, if two images tie for First Place, both will receive Three (3) points. Without any tie-breaking rounds, we cannot limit the number of placed winners. Therefore any given quarterly competition can result in 2-First Place, 3-Second Place and, 4-Third Place images.

Awards

At the end of each year, the member(s) with the highest number of points in the Monochrome division shall be awarded the Harris Wallace Perpetual Trophy. The member(s) with the highest number of points in the Color division shall be awarded the Pitt Warner Perpetual Trophy.

22. YEAR-END COMPETITION

The Vice-President or a designee appointed by the President will arrange for a Year-End Competition to be held on the second Saturday in January. All prints accepted into a monthly exhibition during the competition year are eligible for entry into the competition.

Entry categories and submission rules will be determined by a Year-End Rules Committee which will be formed in June of the competition year. The rules for competition along with general information about the event (date, time, location, etc...) shall be sent to each of the judges in advance of the competition.

An "Other" category will serve as a catchall for entries that fall outside of the parameters prescribed by the Year-End Rules Committee. Any category, except "Other", which does not receive a minimum of 6 entries will be eliminated from the competition. Entries from those categories which were eliminated from competition will be folded into the "Other" category. If the "Other" category does not receive a minimum of 6 entries, the category will be eliminated from competition and members with entries in

the "Other" category will be afforded the opportunity to re-enter such images into a different category.

The competition will award a 1st, 2nd and 3rd place for each category which is determined by the combined points score awarded to each of the images in that category by the panel of judges after breaking any ties.

The competition will also award a Best in Show which is chosen from the 1st place winning images of each of the categories by the panel of judges in a closed-door deliberation.

Images scoring at the next point score below 3rd place in each category will receive an honorable mention.

For example, if the 1st Place image in a category received a score of 26.25, the 2nd Place image received a score of 26.24 and the 3rd place image received a score of 25 then all images scoring a 24 will receive an honorable mention. If there were no images that received a 24 then the honorable mentions go to the images that received a 23.

That may mean only 1 image receives an honorable mention or it could mean 20 images receive an honorable mention.

RULES

1. Members may submit up to 10 images.
2. There are no limits to the number of images members may submit to any category. For example, a member may submit 10 images into the Landscape category if they wish...
3. An Image can only be submitted to one category.

4. Images must have been accepted into a monthly exhibition from the calendar year for which the competition is being held. Only images accepted into a monthly exhibition during the 2017 calendar year, for example, may be entered into the 2017 Year End Competition.
5. Print submissions must bear an official Darkroomers accept sticker.
6. Print submissions that were accepted into an exhibit during the calendar year but not bearing an official Darkroomers accept sticker must be approved by both the Vice-President and the President. Prints that were lost, stolen, sold, auctioned, damaged or destroyed may be reprinted and submitted for entry at the discretion of the President and Vice-President.
7. Print submissions may be reworked and/or re-matted to consider the judge's critique from a Darkroomers monthly exhibition. Changes are at the sole discretion of each member and must be approved by both the Vice-President and the President. Furthermore, each reworked submission must be accompanied along with the original work and the original work must bear an official Darkroomers accept sticker. Any rework must clearly be minor improvements—such improvements cannot add elements to the composition but may remove certain elements which are not orthogonal to the main subject of the image. The intent is to consider the input from the judges and produce works which will vastly improve the overall score of the final image, removing distractions and enhancing the quality, contrast, lighting and sharpness.
8. Any entry which does not meet eligibility requirements will be disqualified.
9. A panel of three (3) judges shall be employed to score each image in each of the categories set up for competition.
10. Each judge will independently score each print on a points scale from 6-9 points so the highest total score for any print is 27 points and the lowest score is 18 points.
11. Scoring will be performed electronically and recorded digitally. A backup shall be recorded on paper by two (2) scorers during the competition and employed in the event of a system failure.
12. Scores will be read aloud during the competition to signal the end of judging for an image, to allow scorekeepers to record the score and help competition officials sort the images.
13. Each category will be judged completely before judging the next category (e.g. Every image in "Architecture" is judged then every image in "Nature", etc...)
14. Discussion amongst the judges during the initial rounds of judging is prohibited to allow each judge to score images on their own merits but collaboration is allowed during tie breaking rounds and when choosing the "Best in Show".
15. Titles will not be announced during the competition.

16. Judges are not limited to the number of high-scores to award for any given category.
17. Judges should be advised that images judged in each category must be scored using the theme of the category (e.g. Images judged in the "Architecture" category should be architectural.)
18. In case of a tie, scoring will be repeated on tying prints using the original parameters. It is unlikely that every judge will give each print exactly the same score the second time, so this will probably break the tie. If there is still a tie, a thumbs up/down method can be used.
19. Once all categories have been scored and winning images have been identified in each category, a "Best-in-Show" will be selected from those 1st place images.
