What is my email address?
We have different email formats depending on if you have a middle name or not. Below are a few examples of the different email formats:

Example of a Student with a Middle Name

If your name is James William Doe, then your email will look like the following:

- john.w.doe@my.greatplains.edu

Note: If this doesn’t work, please try dropping the middle initial as shown next.
If your name is Jane Doe with no middle name, then your email will look like the following:

- jane.doe@my.greatplains.edu

If neither of the above works for you, then please ask your instructor to email helpdesk with your Sonis ID.

**What is my password?**

Your password by default is your Sonis ID followed two exclamation marks. From time to time you’ll be asked to change your password. If your password isn’t the default, please ask your instructor to email helpdesk with your Sonis ID.
