

Name Index September 10, 2008

The names in this index are authors, illustrators, paper engineers, designers, and others credited with the creation of a pop-up and movable book. The list is a composite of names from two volumes by Ann Montanaro: *Pop-up and Movable Books: A Bibliography* [Scarecrow, 1993] (1) and *Pop-up and Movable Books: A Bibliography, Supplement 1, 1991-1997* (2). Titles with the number three (3) at the end of the line appear in this online version of Supplement 2, 1998 - 2007.

Some names may be listed twice in this index. There are several reasons for this possible duplication. In some cases a name may have been misspelled on the book; the bibliographic entry uses the name as it appears on the book. In other cases a variation of the name may have been used, for example, Charles on one book and Chuck on another. When it was not certain if they were the same person, entries have been made for both names. Additionally, when two names are the same but the type of contribution varies (e.g. author, paper engineer), or if the dates of the works are far apart, two entries have been included. Questions about entries, changes, corrections, and/or additions can be sent to: info@movablebooksociety.org.
