Management Information Circular for the
Annual and Special Meeting of Shareholders
to be held on September 11, 2019

PERSONS MAKING THE SOLICITATION

This Management Information Circular (the “Circular”) is furnished in connection with the solicitation, by or on behalf of the management of AirIQ Inc. (“AirIQ” or the “Corporation”), of proxies to be used at the Corporation’s annual and special meeting of the holders of common shares of the Corporation (the “Common Shares”) to be held on Wednesday, September 11, 2019 (the “Meeting”) or at any adjournment thereof. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally, by advertisement or by telephone, by directors, officers or employees of the Corporation without special compensation, or by the Corporation’s transfer agent, Computershare Trust Company of Canada, at nominal cost. The cost of solicitation will be borne by the Corporation.

PROXY INSTRUCTIONS

The person(s) designated by management of the Corporation in the enclosed form of proxy are directors and/or officers of the Corporation. **A shareholder has the right to appoint as proxyholder some other person (who need not be a shareholder of the Corporation) to attend and act on the shareholder’s behalf at the Meeting or at any adjournment thereof.** A shareholder may exercise such right by inserting the name of the person in the blank space provided in the enclosed form of proxy or by completing another form of proxy.

In the case of *registered shareholders*, the completed, dated and signed form of proxy should be sent in the enclosed envelope, or otherwise, to the Corporation’s transfer agent, **Computershare Trust Company of Canada, at 510 Burrard Street, 3rd Floor, Vancouver, British Columbia V6C 3B9, fax number (604) 689-8144.** Voting may also be done via the Internet or by telephone. Please refer to instructions on the enclosed form of proxy. In the case of *beneficial shareholders* (as defined below) who receive these materials through their broker or other intermediary, the shareholder should complete and send the form of proxy in accordance with the instructions provided by their broker or other intermediary. **To be effective, a proxy must be received by Computershare Trust Company of Canada, 510 Burrard Street, 3rd Floor, Vancouver, British Columbia V6C 3B9 not later than Monday, September 9, 2019, at 10:00 AM EST (Toronto time),** or in the case of any adjournment of the Meeting, not less than 48 hours, Saturdays, Sundays and holidays excepted, prior to the time of the adjournment. The Corporation may waive compliance with the preceding requirement and accept proxies after applicable deposit deadline but prior to the commencement of the Meeting or any adjournment thereof.

Voting of Proxies

On any ballot that may be called for, the Common Shares represented by a properly executed proxy given in favour of the person(s) designated by management of the Corporation in the enclosed form of proxy will be voted for or against or withheld from voting in accordance with the instructions given on the ballot, and if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **If no choice is specified in the proxy, the person designated in the accompanying form of proxy will vote in favour of the election of directors to the Board, the re-appointment of auditors of the**

Corporation and the approval of the employee stock option Plan (as defined herein), and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments to matters identified in the accompanying Notice of Meeting and with respect to other matters which may properly come before the Meeting or any adjournment thereof. As of the date of this Circular, management of the Corporation is not aware of any such amendment or other matter to come before the Meeting. However, if any amendments to matters identified in the accompanying Notice of Meeting or any other matters which are not now known to management should properly come before the Meeting or any adjournment thereof, the Common Shares represented by properly executed proxies given in favour of the person(s) designated by management of the Corporation in the enclosed form of proxy will be voted on such matters pursuant to such discretionary authority.

REVOCABILITY OF PROXY

A shareholder who has given a proxy may revoke it by depositing an instrument in writing signed by the shareholder or by the shareholder's attorney, who is authorized in writing, at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or in the case of any adjournment of the Meeting, the last business day preceding the day of the adjournment, or with the Chair of the Meeting on the day of, and prior to the start of, the Meeting or any adjournment thereof. A shareholder may also revoke a proxy in any other manner permitted by law.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section should be reviewed carefully by beneficial shareholders of the Corporation. Shareholders who do not hold their Common Shares in their own name should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares, or the persons they appoint as their proxies, will be recognized and acted upon at the Meeting.

The information set forth in this section is of significant importance to many shareholders of the Corporation, as a substantial number of shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as "beneficial shareholders") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as its nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted upon the instructions of the beneficial shareholder.

Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for the broker's clients. Therefore, beneficial shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from beneficial shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by beneficial shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a beneficial shareholder by its broker is identical to the form of proxy provided to registered shareholders; however, its purpose is limited to instructing the registered shareholder how to vote on behalf of the beneficial shareholder.

Although a beneficial shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or agent of the broker), a beneficial shareholder may attend at the Meeting as proxyholder for a registered shareholder and vote the Common Shares in that capacity. Beneficial shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for a registered shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

All references to “shareholders” in this Circular and the accompanying form of proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

NON-OBJECTING BENEFICIAL OWNERS

The Meeting materials are being sent to both registered and beneficial shareholders of the securities. If you are a beneficial shareholder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for: (a) delivering these materials to you; and (b) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting delivered to you.

VOTING SHARES, RECORD DATE AND PRINCIPAL SHAREHOLDERS

Voting Shares

As at August 8, 2019, the Corporation had 29,828,947 Common Shares outstanding, each carrying the right to one vote per share. Except as otherwise noted in this Circular, a simple majority of the votes cast at the Meeting, whether in person, by proxy or otherwise, will constitute approval of any matter submitted to a vote.

Record Date

The Board of Directors has fixed August 6, 2019 as the record date (the “Record Date”) for the purpose of determining holders of Common Shares entitled to receive notice of and to vote at the Meeting. Any holder of Common Shares of record at the close of business on the Record Date is entitled to vote the Common Shares registered in such shareholder’s name at that date on each matter to be acted upon at the Meeting.

Principal Shareholders

To the knowledge of the directors and executive officers of the Corporation, as at August 8, 2019, based on publicly available information the following persons beneficially own, control or direct, directly or indirectly, more than 10% of the voting rights attached to the outstanding Common Shares:

Shareholder	No. of Common Shares Held ⁽¹⁾	Percentage Interest in Issued and Outstanding Common Shares
Mosaic Capital Partners, LP	5,949,999	19.95%
Vecima Networks Inc.	6,373,000	21.37%

(1) The information as to shares beneficially owned, directly or indirectly, or over which control is exercised is not within the knowledge of the Corporation and has been furnished by the respective shareholders and/or via publicly available information.

Normal Course Issuer Bid

On February 14, 2019, the TSX Venture Exchange ("TSXV") accepted the Corporation's Notice of Intention (the "Notice") to make a normal course issuer bid (the "Bid"). Pursuant to the Bid, the Corporation proposed to purchase through the facilities of the TSXV, up to 1,491,447 Common Shares, representing 5% of the Corporation's currently issued and outstanding Common Shares, over a twelve-month period commencing on February 19, 2019 and ending on February 18, 2020. As of the date of this Circular, no Common Shares have been purchased by the Corporation under the Bid. Shareholders may obtain a copy of the Notice, without charge, by contacting the Corporation.

AUDITED FINANCIAL STATEMENTS

The financial statements of the Corporation for the fiscal year ended March 31, 2019, together with the auditors' report thereon, will be submitted to the Meeting. Receipt at the Meeting of the auditors' report and the Corporation's financial statements for its last completed financial year will not constitute approval or disapproval of any matters referred to therein. Shareholder approval of the financial statements is not required.

BUSINESS BEFORE THE MEETING

1. Election of Directors

The articles of the Corporation provide that the Board of Directors of the Corporation shall consist of not less than three and not more than twenty directors. Under the by-laws of the Corporation, the election of directors shall take place at each annual meeting of shareholders. The number of directors to be elected at any such meeting shall be the number of directors then in office, unless the directors have determined a different number within the range permitted by the Corporation's articles. Each director will hold office until the next annual meeting or until the successor of such director is duly elected or appointed, unless such office is earlier vacated in accordance with the by-laws.

The Board of Directors is currently comprised of three persons, and the Board has nominated the following current directors for re-election as directors of the Corporation to hold office until the next annual meeting of shareholders or until their successors are duly elected or appointed: Vernon Lobo, Geoffrey Rotstein and Michael Robb. The Corporation does not have an executive committee of the Board of Directors to which the powers of the Board have been delegated.

In the absence of a contrary instruction, the person(s) designated by management of the Corporation in the enclosed form of proxy intend to vote FOR the election as directors of the proposed nominees whose names are set forth below, each of whom has been a director since the date indicated below the proposed nominee's name. Management does not contemplate that any of the proposed nominees will be unable or, for any reason, unwilling to serve as a director, but if that should occur for any reason prior to the Meeting, the Common Shares represented by properly executed proxies given in favour of such nominee(s) may be voted by the person(s) designated by management of the Corporation in the enclosed form of proxy, in their discretion, in favour of another nominee.

At any meeting where shareholders vote on the election of directors, any individual nominee who receives a greater number of votes "withheld" than votes "for" will be required by the Corporation to tender his resignation to the Board of Directors promptly following the meeting. The resignation will be effective when accepted by the Board of Directors. The Board of Directors expects that resignations will be accepted, unless extenuating circumstances warrant a contrary decision. The Corporation will announce the Board of Directors' decision (including the reason for not accepting any resignation) by news release within 90 days following the date of the Meeting. Any director who tenders his or her resignation in this situation will not participate in any meeting of the Board of Directors where his or her resignation is considered. Management of the Corporation has been informed that each of the proposed nominees listed below is willing to serve as a director if elected.

The following table sets forth information with respect to each person proposed to be nominated for election as a director, including the number of Common Shares beneficially owned, directly or indirectly, or over which control or direction was exercised, by such person or the person's associates or affiliates (but does not include the number of Common Shares issuable upon exercise of any outstanding options or warrants), and the number of options to purchase Common Shares held by such director, in each case, as at August 8, 2019.

The information as to shares beneficially owned or over which control or direction is exercised, not being within the knowledge of the Corporation, has been furnished by the respective proposed nominees individually.

Corporate Cease Trade Orders or Bankruptcies

As at the date of this Circular and within 10 years before the date of this Circular, except as set out below, none of the proposed directors of the Corporation was a director, chief executive officer or chief financial officer of any company (including the Corporation) that was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days and that was issued while the person was acting in the capacity as director, chief executive officer or chief financial officer, or was subject to such an order that was issued after the person ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

None of the proposed directors are, or within 10 years prior to the date of this Circular have been, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

None of the proposed directors of the Corporation has, within 10 years prior to the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold his or her assets.

On April 8, 2015, the Ontario Securities Commission issued a Management Cease Trade Order (“MCTO”) against Geoffrey Rotstein for failure of EQ Inc. to file its annual audited financial statements, accompanying management’s discussion and analysis, related CEO and CFO certifications and annual information form for the year ended December 31, 2014, within the time prescribed by the Securities Act (Ontario). EQ Inc. completed the required filings by April 30, 2015 and subsequently had the MCTO revoked by the Ontario Securities Commission.

2. Appointment of Auditor

At the Meeting, the holders of Common Shares will be asked to re-appoint UHY McGovern Hurley LLP as auditors of the Corporation to hold office until the next annual meeting of shareholders or until a successor is appointed, and to authorize the Board of Directors to fix the auditors’ remuneration. UHY McGovern Hurley LLP were first appointed as the auditors of the Corporation on May 1, 2013.

In the absence of a contrary instruction, the person(s) designated by management of the Corporation in the enclosed form of proxy intend to vote FOR the appointment of UHY McGovern Hurley LLP as auditors of the Corporation to hold office until the next annual meeting of shareholders or until a successor is appointed and the authorization of the Board of Directors to fix the remuneration of the auditors.

In order for the resolution to be passed, approval by a majority of the Common Shares voted in respect thereof at the Meeting is required.

3. Particulars of Additional Matters to be Acted Upon

RE-APPROVAL OF THE EMPLOYEE STOCK OPTION PLAN

The Corporation has an employee stock option plan (the “Stock Option Plan”), a copy of which is attached hereto in Appendix “A”, that authorizes the Board of Directors to issue stock options to directors, officers, employees and consultants of the Corporation. The Stock Option Plan was approved by the shareholders of the Corporation on September 27, 2018. The Stock Option Plan is a rolling stock option plan in that it provides that the aggregate number of Common Shares issuable upon exercise of stock options granted thereunder may not exceed 10% of the total number of outstanding Common Shares of the Corporation at the time the stock options are granted. In accordance with Policy 4.4 of the TSX Venture Exchange (“TSXV”) Corporate Finance Manual, a corporation that has a rolling stock option plan must have its shareholders re-approve the plan on an annual basis.

Shareholders are being asked to consider and, if deemed advisable, re-approve the Stock Option Plan. This approval is required to satisfy the requirements of the TSXV. The re-approval of the Stock Option Plan is conditional upon receipt of any required approval from the TSXV. In connection with such re-approval, the TSXV may require further amendments to the Stock Option Plan. As such, the Shareholders are also being asked to authorize any amendments to the Stock Option Plan that may be required by the TSXV as a condition of such approval.

The text of the resolution regarding this matter is as follows:

“BE IT RESOLVED THAT:

1. the employee stock option plan of the Corporation (the “Stock Option Plan”) as amended and restated effective August 9, 2017, a copy of which is annexed to this Circular, is hereby approved, ratified and confirmed, in accordance with the policies of the TSX Venture Exchange (“TSXV”);
2. the Stock Option Plan remains subject to final approval from the TSXV and the Directors of the Corporation are hereby authorized and empowered to amend the Stock Option Plan as may be required by the TSXV as a condition of such approval; and
3. any one director or officer of the Corporation is authorized, on behalf of the Corporation, to execute and deliver all documents and do all things as such person may determine to be necessary or advisable to give effect to this resolution.”

In order for the resolution to be passed, approval by a majority of the Common Shares voted in respect thereof at the Meeting is required.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ADOPTION OF THE APPROVAL OF THE EMPLOYEE STOCK OPTION PLAN.

In the absence of a contrary instruction, the person(s) designated by management of the Corporation in the enclosed form of proxy intend to vote “FOR” the approval of the Stock Option Plan.

STATEMENT OF EXECUTIVE COMPENSATION

All dollar amounts in this Circular are expressed in Canadian dollars unless otherwise indicated.

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation's philosophy, objectives and processes regarding compensation of the individuals who carried out the roles of the Chief Executive Officer and the Chief Financial Officer of the Corporation at any point during the year ended March 31, 2019 and each of the three most highly compensated executive officers of the Corporation, other than the Chief Executive Officer and Chief Financial Officer, whose total compensation was, individually, more than \$150,000 for the 12 months ended March 31, 2019 (a "Named Executive Officer").

The objective of the Corporation's compensation program is to attract and retain experienced and qualified executives while at the same time keeping in mind that the Corporation has limited financial resources.

The Compensation Committee is responsible for determining the compensation to be paid to each of the executive officers of the Corporation, and the granting of any options under the Corporation's Stock Option Plan. The compensation package for each executive officer is contractually negotiated at the time of engagement or hire, however, the Compensation Committee may review compensation from time to time as deemed necessary or appropriate. In general, the Corporation's policies on executive compensation are intended to provide appropriate compensation for executive officers that is internally equitable, externally competitive and reflects individual achievements.

The Corporation's compensation program for executive officers consists of: (i) salary and benefits, (ii) the granting of options under the Corporation's Stock Option Plan; and (iii) a discretionary performance-based profit-sharing plan. In addition, the Board may consider the payment of bonuses from time to time.

The Compensation Committee uses discretion and judgement when determining actual compensation levels. Base salaries are typically based on factors particular to the individual, such as experience and level of responsibility, however, other criteria may be used as deemed important by the Compensation Committee. The Corporation offers a group benefit plan to its executives, as well as all full-time employees, which includes life insurance, short and long-term disability, accidental death and dismemberment, dental and extended health coverage. The Corporation pays 100% of the premiums under its benefit plan with the exception of long-term disability (paid by the employee) and dental (the Corporation pays 50% of the premium).

The Corporation also utilizes grants of stock options under the Corporation's Stock Option Plan as the long-term incentive portion of its overall compensation for executive officers. Stock options are granted to new executive officers typically upon their commencement of employment with the Corporation. Additional grants are made periodically, consistent with the individual's level of responsibility and performance within the Corporation. Previous grants of option-based awards are taken into account when considering new grants to any executive officer. Stock options are priced in accordance with the terms of the Corporation's Stock Option Plan, and are typically priced at the average of the closing prices of the Common Shares on the then applicable securities exchange for the 10 trading days preceding the grant. The Board of Directors has the discretion to set the term, vesting and any other terms and conditions for options granted under the Stock Option Plan, subject to the requirements of any applicable securities regulatory authorities.

In 2015, the Board of Directors implemented a discretionary employee profit sharing plan (the "Profit Sharing Plan") to provide a performance-based mechanism for AirIQ employees to become more involved in and committed to the business, especially to those values, attitudes and practises which foster profitability. Each year the key incentive metrics of the Profit-Sharing Plan are reviewed and approved by the Board of Directors. Distributions under the Profit-Sharing Plan are made on an annual basis based on the Corporation's audited financial results and are distributed at the sole discretion of the Chief Executive Officer. For the year ended

March 31, 2019 the profit-sharing pool totalled \$60,000. The Chief Executive Officer of the Corporation is also entitled to participate in the Profit-Sharing Plan. Refer to the “*Summary of Employment Agreements for each Named Executive Officer*” below for individual compensation.

Composition of the Compensation Committee

As of August 8, 2019, all of the Directors are members of the Compensation Committee.

Summary Compensation Table

There are no other executive officers of the Corporation whose total compensation exceeds \$150,000.

(2) The maximum number of securities which may be issued under options granted and outstanding pursuant to the Stock Option Plan to all participants shall not exceed in the aggregate ten percent (10%) of the number of shares issued and outstanding from time to time. Any increase in the issued and outstanding shares will result in an increase in the available number of shares issuable under the Stock Option Plan, and any exercises of options will make new grants available under the Stock Option Plan effectively resulting in a re-loading of the number of options available to grant under the Stock Option Plan. The number of securities remaining available for future issuance is based on an aggregate of 29,828,947 Common Shares of the Corporation issued and outstanding as at March 31, 2019.

Stock Option Plan

The Stock Option Plan authorizes the granting of options to directors, officers, employees and consultants of the Corporation to purchase Common Shares of the Corporation from treasury. Pursuant to the Stock Option Plan, the option pool is comprised of a floating number equal to 10% of the number of Common Shares of the Corporation outstanding from time to time. Any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares issuable under the Stock Option Plan, and any exercises of options will make new grants available under the Stock Option Plan effectively resulting in a re-loading of the number of options available to grant under the Stock Option Plan.

The Board of Directors administers the Stock Option Plan, designates the recipients of options and determines the number of Common Shares to be granted, the vesting provisions, the exercise price, the expiry date and any other terms relating thereto, in each case in accordance with the terms set out in the Stock Option Plan and applicable securities legislation. The exercise price for Common Shares granted under the Stock Option Plan must be not less than the average closing price of the Common Shares on the TSXV for the 10 trading days immediately preceding the date of grant, and in no event shall be less than \$0.05 per option, or such other minimum price as from time to time accepted by the TSXV. Although the expiry date of an option grant is fixed by the Board of Directors, the term must not exceed 10 years from the date of the grant.

The aggregate number of options for Common Shares granted to any one person in a 12-month period, may not exceed 5% of the total number of issued and outstanding Common Shares of the Corporation at the time of grant.

As of August 8, 2019, options to purchase 2,196,127 Common Shares remain issued and outstanding under the Stock Option Plan, representing approximately 7.36% of the Common Shares outstanding as of August 8, 2019 on a non-diluted basis. Options to purchase 786,767 Common Shares, representing approximately 2.64% of the Common Shares outstanding as of August 8, 2019, on an undiluted basis, remain available for issuance under the Stock Option Plan as of August 8, 2019.

Grants under the Stock Option Plan are subject to early termination in the event that a participant ceases to be an employee, director, officer or consultant of the Corporation. Employees are not permitted to assign option grants under the Stock Option Plan. The Board may amend or discontinue the Stock Option Plan at any time, subject to any required approvals of the TSXV. The Stock Option Plan provides that the aggregate number of shares reserved for issuance to any single participant under any share compensation arrangement cannot exceed 5% of the then issued and outstanding Common Shares.

AGGREGATE INDEBTEDNESS

The following table outlines the aggregate indebtedness outstanding as at August 8, 2019 in connection with a purchase of securities and all other indebtedness of all executive officers, directors, employees and former executive officers, directors and employees of the Corporation to the Corporation or any of its subsidiaries:

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Andrea Felstead serves as Chief Financial Officer of the Corporation pursuant to the terms of an employment agreement with the Corporation as more particularly described in the “*Executive Compensation*” section above.

DIRECTORS’ AND OFFICERS’ LIABILITY INSURANCE AND INDEMNIFICATION

The Corporation maintains directors’ and officers’ liability insurance in an amount of \$6,000,000, subject to a \$25,000 retention for all ‘Securities Claims’ and a \$25,000 retention for all other claims. The total premium charged to the Corporation for this coverage was approximately \$33,910.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interest of shareholders, but that it also promotes effective decision-making at the Board level.

Effective June 30, 2005, the Canadian Securities Administrators adopted National Policy 58-201 - “Corporate Governance Guidelines” (the “Guidelines”) and National Instrument 58-101 - *Disclosure of Corporate Governance Practices* which requires that each reporting issuer annually disclose its corporate governance practices.

The following disclosure is based on the disclosure requirements of the Guidelines.

Composition of the Board

The Guidelines recommend that a majority of directors of a listed corporation be “independent” as defined by National Instrument 52-110 - *Audit Committees* (“NI 52-110”). An independent director is a director who does not have any direct or indirect material relationship with the issuer. “Material relationship” is defined as a relationship which could, in the view of the Corporation's Board, be reasonably expected to interfere with the exercise of a director's independent judgment. NI 52-110 further sets out certain relationships which are deemed to be material relationships.

The Board of Directors currently has three members. In the opinion of the Board of Directors, as of the date of this Circular, two of three Board nominees are considered independent. Michael Robb is not considered to be an independent director on the basis that he is the President and Chief Executive Officer of the Corporation. The director nominees considered to be independent are Vernon Lobo and Geoffrey Rotstein. Mr. Lobo is Chairman of the Board of Directors and is considered to be an independent director as he is not a member of management. The Chairman of the Board of Directors is responsible for providing overall direction to the Board of Directors and is responsible for carrying out its overall mandate. Individual directors may, with the approval of the Chairman of the Board of Directors or of the entire Board of Directors, engage outside advisers at the expense of the Corporation.

Independence from Management

The Corporation has in place appropriate structures and procedures to ensure that the Board can function independently of management. A majority of the current Board members are independent directors. In addition, the Board endeavours to maintain a majority of independent directors on all committees of the Board. Further, the independent directors of the Corporation have direct access to the Corporation's executives and external auditors and may meet without the presence of the non-independent directors and may meet separately with management of the Corporation.

The following director nominees are currently directors of other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction:

Name of Director	Issuer
Vernon Lobo	EQ Inc. (TSXV)
	TECSYS Inc. (TSX)
	Flow Capital Corp. (formerly: Grenville Strategic Royalty Corp.) (TSXV)
Geoffrey Rotstein	Cann-Is Capital Corp. (TSXV)
	EQ Inc. (TSXV)

Committees

The Corporation has three committees of the Board, namely, the Audit Committee, the Governance Committee and the Compensation Committee. The Board does not have any other standing committees.

Audit Committee

The roles and responsibilities of the Audit Committee are set out in its Charter, a copy of which is set out in Appendix “B” attached hereto, which was amended and approved by the Board of Directors on January 12, 2010. The Audit Committee assists the Board of Directors in fulfilling its responsibilities for the Corporation’s accounting and financial reporting practices by reviewing the quarterly and annual consolidated financial statements, reviewing the adequacy of the system of internal controls, reviewing any relevant accounting, financial and security regulatory matters, reviewing the management of corporate risks and recommending the appointment of external auditors. The Audit Committee also facilitates communication between the Board of Directors and the Corporation’s external auditors. The Audit Committee meets quarterly with management and separately, with or without external auditors, as required. As at the date of this Circular, all of the current Directors of the Corporation are members of the Audit Committee, namely, Vernon Lobo, Geoffrey Rotstein and Michael Robb. All of the members of the Audit Committee are considered independent with the exception of Mr. Robb.

All of the members of the Audit Committee are considered “financially literate”, in each case, as defined under NI 52-110. Following is a description of the education and experience for each current member of the Audit Committee as of the date of this Circular relative to their responsibilities as members of the Committee:

accruals and reserves, experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that are raised by the Corporation's financial statements, and an understanding of internal controls and procedures for financial reporting.

Audit Committee Oversight

At no time has a recommendation of the Audit Committee to nominate or compensate an external auditor not been adopted by the Board.

Exemption

The Corporation is a "venture issuer" as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (Composition of Audit Committee) and 5 (Reporting Obligations) of NI 52-110.

Governance Committee

The Governance Committee of the Board of Directors is responsible for oversight of the Corporation's activities related to corporate governance, legislation and regulatory compliance. The Governance Committee also determines the size of the Board of Directors to ensure that it is compliant with regulatory authorities and that it is optimum for decision-making. In making this decision, various factors are taken into consideration including the operations of the Corporation, the size of boards of directors of similar companies, the qualifications and skills of the nominees, and the financial condition of the Corporation.

As of the date of this Circular, Messrs. Lobo, Rotstein and Robb are members of the Governance Committee and all of the members, with the exception of Mr. Robb, are considered independent.

Compensation Committee

The amount and form of director and executive officer compensation is reviewed as and when deemed necessary and appropriate by the Compensation Committee, with any resultant recommendations made to the full Board of Directors, to ensure that such compensation realistically reflects the responsibilities and risks of being an effective director.

As of the date of this Circular, Messrs. Lobo, Rotstein and Robb are members of the Compensation Committee and all of the members, with the exception of Mr. Robb, are considered independent.

The role of the Compensation Committee is discussed in this Circular under the headings "*Composition of the Compensation Committee*" and "*Report on Executive Compensation*".

Orientation and Continuing Education

The Corporation does not have a formal orientation program for new members of the Board. When a new board member is elected to the Board, the Board of Directors and the Corporation's executive officers are available to discuss the Corporation's business and operations, and to assist in the orientation and education of the new Board member as required.

The Board does not formally provide continuing education to its directors, as the directors are generally experienced members and have previously been or are directors of other reporting issuers. The Board of Directors relies on professional assistance when necessary in order to be educated or updated on a particular topic and encourages directors to take relevant training programs offered by different regulatory bodies and educational service providers and industry associations.

Ethical Business Conduct

The Board of Directors has not adopted a formal written code of ethics or conduct. The Board of Directors believes that the fiduciary duties placed upon individual directors and the restrictions placed on directors by applicable common law and the laws governing the Corporation are sufficient to ensure that each director operates in an ethical business manner and in the best interests of the Corporation.

On an annual basis, each of the directors of the Corporation confirm to each other and to the executive management of the Corporation, in writing, the full extent of their relationship (a) with the Corporation, (b) with any other organization, and (c) in any current or proposed material contract with the Corporation.

Nomination of Directors

The Governance Committee is responsible for recommending qualified candidates for nominees to the Board of Directors. In making this decision, various factors are taken into consideration including the operations of the Corporation and the qualifications and skills of the nominees. Since the current Board members have agreed to stand for re-election, it has been determined that it is unnecessary to take active steps to identify new candidates for board nomination at this time.

Compensation

The Compensation Committee is responsible for determining the compensation for Board members, the Chief Executive Officer and the Chief Financial Officer. The Compensation Committee then makes its recommendations to the Board of Directors for determination as a whole. Compensation for Board members and the Chief Executive Officer and Chief Financial Officer is determined by taking into account such matters as responsibilities, compensation provided by comparable organizations and the financial condition of the Corporation.

Assessments

Assessments are not currently conducted on a regular basis. The Board of Directors from time to time examines and comments on its effectiveness and that of its committees and makes adjustments when warranted.

TRANSFER AGENT

The transfer agent and registrar of the Corporation is Computershare Trust Company of Canada, at 510 Burrard Street, 3rd Floor, Vancouver, British Columbia, V6C 3B9.

- (a) the maximum number (“Designated Amount”) of Shares which the Participant may purchase under the Option;
- (b) the earliest date on which the Option may be exercised (“Earliest Exercise Date”), which may be the Date of Grant;

- (c) the latest date on which the Option may be exercised (“Latest Exercise Date”), which shall be no later than ten years after the Date of Grant;
- (d) a percentage of the Designated Amount representing the maximum number of Shares which the Participant may purchase under the Option immediately following the specified time period or periods (“Designated Percentage”); and
- (e) the price (“Option Price”) at which the Participant may purchase his Shares under the Option, which price shall be determined by AirIQ in accordance with section 3.5.

3.5 The Option Price per Share in respect of an Option shall be determined by AirIQ, but shall be not less than the average closing price of the Shares on the TSX Venture Exchange (“TSXV”) for the ten trading days immediately preceding the Date of Grant (or if the Shares are not listed on the TSXV or are listed or quoted on any other exchange or quotation system in addition to the TSXV, the exchange or quotation system on which the greatest volume of trading of Shares has occurred in the six month period preceding the Date of Grant) on the trading day immediately preceding the Date of Grant of the Option; provided however in no event shall the Option Price per Share in respect of an Option be less than \$0.05 per Option, or such other minimum price as from time to time accepted by the TSXV.

3.6 Subject to the terms of the Plan, AirIQ shall determine the terms of all Options and if no specific determination is made at the time of the grant of an Option with respect to the Earliest Exercise Date, the Latest Exercise Date and/or the Designated Percentage then each Option shall, subject to any other specific provisions of the Plan, contain the following terms and conditions:

- (a) the Earliest Exercise Date shall be one year following the Date of the Grant;
- (b) the Latest Exercise Date shall be ten years following the Date of the Grant; and
- (c) the Designated Percentage shall be 25% immediately following the Earliest Exercise Date and shall be increased by 2.0833% following the expiry of each one-month period following the Earliest Exercise Date such that the Option shall be vested in full 48 months after the Date of the Grant.

3.7 Participation in the Plan shall be entirely voluntary and any decision not to participate shall not affect the employment of any Eligible Employee.

3.8 AirIQ may, in accordance with the provisions of the Plan and subject to the rules of the Exchange from time to time, set the Early Expiry Date for an Option, whether contemporaneously with or at any time following the granting of such Option.

4. EXERCISE OF PARTICIPANT'S OPTIONS

4.1 Subject to the provisions of the Plan, an Option may be exercised by the Participant, in whole or in part, only on or after the Earliest Exercise Date and thereafter from time to time at his discretion to purchase in the aggregate a number of Shares equal to the aggregate of the previously unexercised portion of the Designated Amount of Shares, provided that, unless AirIQ otherwise agrees or indicates in writing,

- (a) subject to paragraph (b) below, the maximum number of Shares which the Participant may purchase under the Option following the Earliest Exercise Date of the Option shall be equal to the Designated Percentage of the Designated Amount of the Option, and
- (b) if the number of Shares, if any, purchased under the Option during any period subsequent to the Earliest Exercise Date is less than the maximum number which could have been purchased

under the Option during such period, the difference shall be carried forward and added to the maximum number of Shares which may be purchased under the Option during the period in question, and so on from time to time (such maximum number of Shares which may be purchased from time to time being hereinafter referred to as the “Vested Number”).

4.2 Unless AirIQ otherwise determines, if a Participant ceases to be an Eligible Employee, Eligible Consultant or Eligible Director prior to the Latest Exercise Date, then the Participant's Options (whether vested or unvested, in full or in part) shall terminate and may not be exercised after the Early Expiry Date, unless:

- (a) for those Participants designated as Eligible Employees before becoming Participants, the Participant ceases to be an Eligible Employee as a result of his disability or his retirement at age 65 or early retirement with AirIQ’s consent, in which case the Options will terminate twelve-months after the termination of the Participant's employment with AirIQ, provided that the Participant has not died prior to the expiry of such twelve-month period;
- (b) for those Participants designated as Eligible Employees, Eligible Consultants or Eligible Directors before becoming Participants, the Participant resigns or terminates his or her employment, consulting agreement or directorship, as applicable, with AirIQ, in which case the Options will terminate 30 days following the date of such resignation or termination of employment, consulting agreement or directorship, as applicable, unless such termination of employment, consulting agreement or directorship occurs by reason of the Participant's death, disability, retirement or early retirement as contemplated in (a) above or (c) below or, in the case of Eligible Employees, unless such termination of employment is for just cause, or, in the case of Eligible Consultants, such termination results from breach of the consulting agreement by the Eligible Consultant (in each case, as determined by AirIQ in its sole discretion), or, in the case of Eligible Directors, such termination results from (i) an order of the Ontario Securities Commission, the TSXV or any other regulatory body having jurisdiction to so order, (ii) a conviction of an offence involving fraud or (iii) where the Eligible Director ceases to meet the director qualifications specified in the *Canada Business Corporations Act*, in which case the unexercised portion of any Option shall terminate on the date of such Participant's termination of employment, consulting agreement or directorship, as applicable; and
- (c) the Participant ceases to be an Eligible Employee, Eligible Consultant or Eligible Director, as applicable, as a result of the death of the Participant, in which case the Options will terminate twelve months after the Participant's death.

The maximum number of shares that may be purchased under (a), (b), or (c) above shall be limited to the Vested Number as at the date of termination of employment or resignation or, in the case of a consulting agreement, the date that notice of termination of the consulting agreement is provided by AirIQ or the Participant.

For the purposes of this Article 4, all references to termination of employment shall mean the date on which notice of termination is provided by AirIQ to the Participant.

4.3 The exercise of an Option under the Plan shall be made by notice to AirIQ in writing specifying and subscribing for the number of Shares in respect of which the Option is being exercised at that time and accompanied by a certified cheque or bank draft payable to AirIQ in the amount of the aggregate Option Price for such number of Shares. As of the day AirIQ receives such notice and such payment, the Participant (or the person claiming through him, as the case may be) shall be entitled to be entered on the share register of AirIQ as the holder of the number of Shares in respect of which the Option was exercised and as promptly as possible thereafter shall be delivered a certificate representing the said number of Shares.

5. MAXIMUM NUMBER OF SHARES TO BE ISSUED UNDER THE PLAN

5.1 The maximum number of Shares which may be issued under Options granted and outstanding pursuant to this Plan to all Participants shall not exceed in the aggregate ten percent (10%) of the number of Shares issued and outstanding from time to time. Any increase in the issued and outstanding Shares will result in an increase in the available number of Shares issuable under the Plan, and any exercises of Options will make new grants available under the Plan effectively resulting in a re-loading of the number of Options available to grant under the Plan.

In addition, the following provisions shall apply:

- (a) The number of Shares which may be issued under Options issued and outstanding pursuant to this Plan together with Shares which may be issued pursuant to any other employee-related plan of AirIQ to any one person shall not exceed 5% of the issued and outstanding Shares.
- (b) The aggregate number of Options issued to insiders of the Corporation within any 12-month period, or issuable to insiders of the Corporation at any time, under the Plan and any other security-based compensation arrangement of the Corporation, may not exceed 10% of the total number of issued and outstanding Shares of the Corporation at such time.
- (c) The aggregate number of Options granted to any one person (and companies wholly owned by that person) in a 12-month period must not exceed 5% of the issued and outstanding Shares of the Corporation calculated on the date an option is granted to the person (unless the Corporation has obtained the requisite disinterested shareholder approval).
- (d) The aggregate number of Options granted to any one Eligible Consultant in a 12-month period must not exceed 2% of the issued shares of the Corporation, calculated at the date an option is granted to the Eligible Consultant.
- (e) The aggregate number of options granted to all persons retained to provide Investor Relations Activities (as defined in the TSXV Company Manual) to the Corporation must not exceed 2% of the issued Shares of the Corporation in any 12-month period, calculated at the date an option is granted to any such person.

5.2 If any Option has terminated or expired without being fully exercised, any unissued Shares which have been reserved to be issued upon the exercise of the Option shall become available to be issued upon the exercise of Options subsequently granted under the Plan.

6. ANTI-DILUTION PROVISIONS

6.1 If the number of outstanding Shares of AirIQ shall be increased or decreased as a result of a stock split, consolidation or recapitalization and not as a result of the issuance of Shares for additional consideration or by way of stock dividend, AirIQ shall make appropriate adjustments to the Designated Amount of any Option which has previously been granted under the Plan, the maximum number of Shares which the Participant may thereafter purchase under such Option, the Option Price in respect of such Option and the maximum number of Shares which may be issued under the Plan in accordance with Section 5.1.

6.2 No fractional shares shall be issued upon the exercise of an Option nor shall any scrip certificates in lieu thereof be issuable at any time. Accordingly, if as a result of any adjustment under Section 6.1 a Participant would otherwise have become entitled to a fractional share upon the exercise of an Option, he shall have the right to purchase only the next lower whole number of Shares and no payment or other adjustment will be made with respect to any fractional interests so disregarded.

7. INTENTIONALLY DELETED

8. ACCOUNTS AND STATEMENTS

8.1 Options shall be evidence by a Certificate and/or Agreement in the form attached hereto or such other form approved by AirIQ.

8.2 AirIQ shall maintain records of the details of each Option granted to each Participant under the Plan, including the Date of Grant, Designated Amount and the Option Price of each Option, the number of Shares in respect of which the Option has been exercised and the maximum number of Shares which the Participant may still purchase under the Option. Upon request therefor from a Participant and at such other time as AirIQ shall determine, AirIQ shall furnish the Participant with a statement setting forth the details of his Options. Such statement shall be deemed to have been accepted by the Participant as correct unless written notice to the contrary is given to AirIQ within 30 days after such statement is given to the Participant.

9. OPTIONS GRANTED TO U.S. RESIDENTS OR CITIZENS

9.1 Any Option granted under this Plan to a Participant who is a citizen or resident of the United States (including its territories, possessions and all areas subject to the jurisdiction) (a "U.S. Optionee") may be an incentive stock option (an "ISO") within the meaning of Section 422 of the *Internal Revenue Code of 1986*, as amended, of the United States (the "Code"), but only if so designated by AirIQ in the agreement evidencing such Option. No provision of this Plan, as it may be applied to a U.S. Optionee, shall be construed so as to be inconsistent with any provision of Section 422 of the Code. Grants of Options to U.S. Optionees which are not ISO's may be granted pursuant to Section 3 hereof. Notwithstanding anything in this Plan contained to the contrary, the following provisions shall apply to ISO's granted to each U.S. Optionee:

- (a) ISO's shall only be granted to U.S. Optionees who are, at the time of grant, officers, key employees or directors (provided, for purposes of this Section 9.1 only, such directors are then also officers or key employees of AirIQ). Any director of AirIQ who is a U.S. Optionee shall be ineligible to vote upon the granting of such Option;
- (b) the aggregate fair market value (determined as of the time an ISO is granted) of the Shares subject to ISO's exercisable for the first time by a U.S. Optionee during any calendar year under this Plan and all other stock option plans, within the meaning of Section 422 of the Code, of AirIQ shall not exceed One Hundred Thousand Dollars in U.S. funds (U.S. \$100,000);
- (c) the Option Price for Shares under each ISO granted to a U.S. Optionee pursuant to this Plan shall be not less than the fair market value of such Shares at the time the Option is granted, as determined in good faith by the directors at such time;
- (d) if any U.S. Optionee to whom an ISO is to be granted under the Plan at the time of the grant of such ISO is the owner of shares possessing more than ten percent (10%) of the total combined voting power of all classes of shares of AirIQ, then the following special provisions shall be applicable to the ISO granted to such individual:
 - (i) the Option Price (per Share) subject to such ISO shall not be less than one hundred ten percent (110%) of the fair market value of one Share at the time of grant; and
 - (ii) for the purposes of this Section 9.1 only, the option exercise period shall not exceed five (5) years from the Date of Grant;

- (e) no Option may be granted hereunder to a U.S. Optionee following the expiration of ten (10) years after the date on which this Plan is adopted by AirIQ or the date on which the Plan is approved by the shareholders of AirIQ, whichever is earlier; and
- (f) no Option granted to a U.S. Optionee under the Plan shall become exercisable unless and until the Plan shall have been approved by the shareholders of AirIQ.

9.2 In addition to the foregoing and notwithstanding anything in this Plan contained to the contrary, the following provisions shall apply to the grants of Options to U.S. Optionees who are residents of the state of California (each a “California Optionee,” and together the “California Optionees”), and no provision of this Plan, as it may be applied to a California Optionee, shall be construed so as to be inconsistent with any provision of Section 25102(o) of the California Corporate Securities Law of 1968:

- (a) A person who owns securities possessing more than ten percent (10%) of the total combined voting power of all classes of shares of AirIQ shall not be eligible for designation as a California Optionee unless the Option Price (per Share) subject to such grant is at least one hundred ten percent (110%) of the fair market value of one Share at the time the Option is granted, as determined in good faith by the Board of Directors at such time;
- (b) In the case of a California Optionee who is not an officer, director, manager or consultant of AirIQ, an Option granted to a California Optionee shall become exercisable at least as rapidly as twenty percent (20%) per year over the five-year period commencing on the Date of Grant, subject to the conditions provided by section 4.2 and otherwise under this Plan;
- (c) In the event of a stock split, reverse stock split, stock dividend, recapitalization, combination, reclassification or other distribution of AirIQ’s Shares without the receipt of consideration by AirIQ, the Board of Directors shall make appropriate proportionate adjustments in one or more of (i) the Designated Amount of any outstanding Option granted to a California Optionee or (ii) the Option Price per Share under each outstanding Option granted to a California Optionee;
- (d) AirIQ each year shall furnish to California Optionees who have received Shares under the Plan its balance sheet and income statement, unless such California Optionees are key employees whose duties with AirIQ assure them access to equivalent information. Such balance sheet and income statement need not be audited;
- (e) The Plan, as set forth herein, shall become effective on the date of its adoption by the Board of Directors, subject to the approval of AirIQ’s shareholders. In the event that the shareholders fail to approve the Plan within twelve months after its adoption by the Board of Directors, any grants of Options to California Optionees of Shares that have already occurred shall be rescinded, and no additional grants, sales or awards shall be made thereafter under the Plan. Unless terminated earlier pursuant to the terms of section 12.1 or otherwise, the Plan shall terminate automatically ten years after the earlier of (i) its adoption by the Board of Directors or (ii) its approval by AirIQ’s shareholders; and
- (f) At no time shall the total number of Shares issuable upon exercise of all outstanding Options and the total number of shares provided for under any stock bonus or similar plan or agreement of AirIQ exceed the applicable percentage as calculated in accordance with the conditions and exclusions of Section 260.140.45 of Title 10 of the California Code of Regulations, based on the securities of AirIQ which are outstanding at the time the calculation is made; provided however, that the applicable percentage shall not apply if a higher percentage is approved by at least two-thirds of the outstanding securities entitled to vote.

10. REORGANIZATION

10.1 In this Article 10, “reorganization” means any (i) capital reorganization, (ii) merger, (iii) amalgamation, (iv) offer for Shares which if successful would entitle the offeror to acquire all of the Shares, or (v) arrangement or other scheme of reorganization.

10.2 In the event of a reorganization or proposed reorganization, AirIQ, at its option, may do any of the following:

- (a) AirIQ may cancel any Option that is still capable of being exercised, upon giving to the Participant to whom such Option has been granted at least 30 days written notice of its intention to cancel such Option, and during such period of notice, the Option, to the extent that it has not been exercised, may be exercised by the Participant up to the Designated Amount of Shares which may be purchased under the Option, without regard to the limitations contained in subsection 4.1(a), and on the expiry of such period of notice, the unexercised portion of the Option shall lapse and be cancelled;
- (b) AirIQ or any corporation which is or would be the successor to AirIQ or which may issue securities in exchange for Shares upon the reorganization becoming effective may offer any Participant the opportunity to obtain a new or replacement option over any securities into which the Shares are changed or are convertible or exchangeable, on a basis proportionate to the number of Shares under option and the Option Price (and otherwise substantially upon the terms of the Option being replaced, or upon terms no less favourable to the Participant) including but not limited to the periods during which the Option may be exercised and expiry dates; in such event, the Participant shall, if he accepts such offer, be deemed to have released his Option over Shares and such Option shall be deemed to have lapsed and be cancelled; or
- (c) AirIQ may commute for or into any other security or any other property or cash, any Option that is still capable of being exercised, upon giving to the Participant to whom such Option has been granted at least 30 days written notice of its intention to commute such Option, and during such period of notice, the Option, to the extent it has not been exercised, may be exercised by the Participant up to the Designated Amount of Shares which may be purchased under the Option, without regard to the limitations contained in subsection 4.1(a), and on the expiry of such period of notice, the unexercised portion of the Option shall lapse and be cancelled.

10.3 Subsections (a), (b) and (c) of section 10.2 are intended to be permissive and may be utilized independently or successively in combination or otherwise, and nothing therein contained shall be construed as limiting or affecting the ability of AirIQ to deal with Options in any other manner.

11. NOTICES

11.1 Any payment, notice, statement, certificate or other instrument required or permitted to be given to a Participant or any person claiming or deriving any rights through him shall be given by:

- (a) delivering it personally to the Participant or to the person claiming or deriving rights through him, as the case may be; or
- (b) mailing it postage paid (provided that the postal service is then in operation) or delivering it to the address which is maintained for the Participant in AirIQ's personal records.

11.2 Any payment, notice, statement, certificate or instrument required or permitted to be given to AirIQ shall be given by mailing it postage prepaid (provided that the postal service is then in operation) or delivering it to AirIQ at its principal address to the attention of AirIQ's Secretary.

11.3 Any payment, notice, statement, certificate or other instrument referred to in Section 11.1 and 11.2, if delivered, shall be deemed to have been given or delivered on the date on which it was delivered or, if mailed (provided that the postal service is then in operation), shall be deemed to have been given or delivered on the second business day following the date on which it was mailed.

12. GENERAL

12.1 From time to time the Board of Directors of AirIQ may add to or amend any of the provisions of the Plan or terminate the Plan; provided however that the following amendments to the Plan shall require approval of the shareholders of the Corporation in accordance with the rules of the TSXV:

- (i) any increase in the maximum number of Common Shares in respect of which the Options may be granted under the Plan;
- (ii) any amendment that would reduce the Option Price below the minimum price currently provided for in the Plan;
- (iii) any amendment that would increase the limits on the total number of Shares issuable to any one individual under the Plan or to any one insider of the Corporation and the insider's associates;
- (iv) any amendment that would increase the limits on the total number of Shares reserved for issuance pursuant to Options granted to insiders of the Corporation or for issuance to insiders within a one-year period;
- (v) any amendment that would increase the maximum term of an Option granted under the Plan;
- (vi) any amendment that would extend the term of any outstanding Option to a date beyond the latest exercise date currently stipulated in the Plan;
- (vii) any amendment that would reduce the Option Price of an outstanding Option (other than as may result from adjustments pursuant to Article 6 in the Plan);
- (viii) any amendment that would allow an Option to be cancelled and re-issued to the same person at a lower Option Price;
- (ix) any amendment that would reduce the Option price of an outstanding Option;
- (x) any amendment that would permit assignments to persons not currently permitted under the Plan; and
- (xi) any amendment that would expand the scope of those persons defined to be Participants under the Plan.

For the purposes of **Section 12.1 (ii)** above, disinterested shareholder approval shall be obtained for any reduction in the Option Price if the Optionee is an Insider of the Corporation at the time of the proposed amendment.

12.2 The determination by AirIQ of any questions which may arise as to the interpretation or implementation of the Plan or any of the Options granted hereunder shall be final and binding on all Eligible Employees, Eligible Directors, Eligible Consultants, Participants and other persons claiming or deriving rights through any of them.

12.3 The Plan shall enure to the benefit of and be binding upon AirIQ, its successors and assigns. The interest of any Eligible Employee, Eligible Director, Eligible Consultant or Participant under the Plan or in any Option shall be not transferable or alienable by him either by pledge, assignment or in any other manner whatsoever and, during his lifetime, shall be vested only in him, but shall thereafter enure to the benefit of and be binding upon the legal personal representatives of the Eligible Employee, Eligible Director, Eligible Consultant or the Participant, as the case may be.

12.4 AirIQ 's obligation to issue Shares in accordance with the terms of this Plan and any Options granted hereunder is subject to compliance with the laws, rules and regulations of all public agencies and authorities applicable to the issuance and distribution of such Shares and to the listing of such Shares on any stock exchange or similar network on or through which any of the Shares may be listed. As a condition of participating in the Plan, each Eligible Employee, each Eligible Director and each Eligible Consultant agrees to comply with all such laws, rules and regulations and agrees to furnish to AirIQ all information and undertakings as may be required to permit compliance with such laws, rules and regulations.

12.5 A Participant shall not have any rights as a shareholder in respect of Shares that are subject to an Option, until such Shares have been paid for in full and issued.

12.6 No Participant or other person shall have any claim or right to be granted Options under the Plan. Neither the Plan nor any action taken thereunder shall interfere with the right of the employer of a Participant to terminate that Participant's employment at any time. Neither any period of notice nor any payment in lieu thereof upon termination of employment shall be considered as extending the period of employment for the purposes of the Plan.

12.7 This Plan and any Options granted hereunder shall be governed by and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

12.8 This Plan is hereby amended and restated with effect as of August 9, 2017.

18. Receive periodic reports from the external auditor regarding the auditor's independence, discuss such reports with the auditor, consider whether the provision of non-audit services is compatible with maintaining the auditor's independence and, if so determined by the Audit Committee, recommend that the Board take appropriate action to satisfy itself of the independence of the auditor.

Authority:

The Audit Committee shall have the authority to:

- (i.) Engage independent counsel and other advisors as it deems necessary to perform its duties;
- (ii.) Set and pay the compensation for any such advisors engaged by the Audit Committee; and
- (iii.) Communicate directly with the auditors of the Corporation.

The Audit Committee shall have full access to all books, records, facilities and personnel of the Corporation in connection with the performance of its duties.

Nothing in this Charter is intended or construed to impose on any member of the Audit Committee a standard of care or diligence that is in any way more onerous or extensive than the standard to which all members of the Board of Directors of the Corporation are subject. Each member of the Audit Committee shall be entitled, to the fullest extent permitted by law, to rely on the integrity of those persons and organizations within and outside the Corporation from whom he or she receives financial and other information, and the accuracy of the information provided to the Corporation by such persons or organizations.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements and disclosures are complete and accurate and in accordance with IFRS in Canada and applicable rules and regulations, which duties are the responsibility of management and the external auditors.
