Cougar Camp 2020

JULY 6-10

8AM-12PM

TCS MIDDLE SCHOOL

\$350/STUDENT

This camp will focus largely on the social-emotional piece we teach at TCS. The goal is to have students leave with a better understanding of coping skills they can use in school (and everyday life) and find ways to work better with their peers in group settings. Each day, students will learn coping skills and mindfulness practices, utilize social skills in group & team building activities, and have the opportunity to spend time with peers they typically don't see outside of school. In addition, this camp will have an academic component added into the day. Students will review concepts learned from the TCS curriculum and also practice using technology responsibly. For students who are new to TCS, we will help them integrate into the TCS system, learning the ins and outs of TCS life, which will help them succeed at TCS.
