To Whom It May Concern:

I am writing on behalf of SGT Todd Knight. I have known SGT Knight personally for over 2 1/2 years. I could not believe it when I heard he was found guilty of aggravated sexual assault. It is so out of character for the person I know because that is not the person I have had the pleasure of knowing by hanging out with him and being his friend.

The first thing that comes to mind when I think of SGT Knight is that he is a good, trustworthy helpful and dignified man. I remember one time in particular, late one night someone was knocking at my door and I was scared and crying. I called SGT Knight who immediately drove to my house which was about a 45 minute drive to make sure I was safe. That wasn't the only thing he did for me or others. He did numerous things for friends as well. He is the kind of person you can always count on and will always help anyone. It doesn't matter if they are his friend or a stranger or a female or a male. He always was ready to help anyone who needed help.

For as long as I have known SGT Knight, he has always been a responsible, caring friend and soldier.

Also I would like to add that since SGT Knight's trial, I have seen and spoken with (accuser's name redacted) who told me SGT Knight did not rape her and that she only said that because she didn't want her boyfriend at that time to find out she was cheating on him.

I say this not because I am his friend, but because I truly believe it.

If you wish to speak with me regarding the above, please feel free to contact me at (phone number redacted).

Sincerely,

(Name, address and phone number redacted)
