

Catch the Excitement!

Safe Drivers - Safe Families

May 31, 2014 - all day event - Brampton Powerade Centre

A one day event for old and young alike.

In a full day of driving school we will teach safe driving techniques in a class room and practice in a closed-off facility at the Powerade Centre in Brampton. Our reviews from our 2013 event were fantastic and the added skills were well recognized.

All the effort is focused to improve our abilities to drive, recognize adverse condition & situations and avoid costly mistakes for ourselves as well as our environment around us. The afternoon includes an autocross to practice all your skills. You bring your car and we help you to be a safer driver and safer family.

Lunch and refreshments will be provided.

To sign up please contact: mbca@langsdorff.com or sign up on our website's event section.
