Advanced Driving School @ Canadian Tire Mosport Park

Information Sheet

The Advanced Driving School is being held in cooperation with the BMW Trillium Club at the Canadian Tire Mosport Park aka Mosport just north of Bowmanville Ontario. These events are held over the respective weekends starting early on Saturday morning with the track safety briefing and then alternating between class room and track sessions. Attendants are assigned to a set of groups pending their formal experience. For track sessions all but the most advanced (I) level drivers are joined by an experienced teacher. If opportunity and need arises the teacher may take you through one of the sessions in their track car.

Registration is initiated through an email such that we can attend to the process for the MBCA members. This will remove the requirement to also having to join the BMW club as that is mandatory due to insurances and various other prerequisites. Please email a request including your name, the weekend/package, the make and model of the car, your previous experience, contact email and phone number to mbca@spitzerinc.com.

Pricing is listed below.

While it would be great to take your Mercedes-Benz on the track it is not a prerequisite and while quite desirable for a performance car caution would be in order for a collectors car. Mosport is one of the fastest tracks in North America and you will certainly enjoy the performance aspects and it is a great experience and a great satisfaction to learn to skillfully take your car through technical corners and elevations as much as flat out on the long uphill straight!
