

Respite Child Care

Free child care for qualifying families with young children.

Do you feel stressed or need a break?
Our program offers free, quality child care.

Free child care for parents needing time away from the stresses of parenting. Parents of children ages 8 weeks to 5 years may use one session each week. Children have an enriched experience while their parents get a needed break.

Three-to-four-hour morning or afternoon sessions are available, Monday through Friday. Our trained and friendly child care staff are ready to read, play games, and engage in fun learning activities while parents attend appointments, run errands, or simply take a break.

Children ages 8 weeks to 5 years can attend.
A light snack will be provided.
Call 785-825-4493 to reserve a session.
