

STREAMLINE YOUR RFQ PROCESS

In today's highly competitive global environment your customers want complex quotation details turned around fast! To meet profit expectations consistently, organizations need to deliver accurate information on time. QLM Sales allows users real time visibility of the entire quotation process.

QLM Sales is a secure browser-based quotation process management application that offers flexibility and scalability to handle all of your organization's quotation needs. QLM Sales has built in reporting features that can be configured to communicate with a variety of popular databases.

QLM Sales is extremely easy to use. Users can create a new RFQ, attach documents and drawing files, add notes, then route and track the status of the RFQs with our revolutionary QuoteFlow™ technology. QLM Sales gives you the latest information instantly, allowing you to improve both your RFQ turnaround time and win more profitable business.

FEATURES:

- Check In/Out Bill of Material files for Sarbanes Oxley compliance and version control
- Configurable workflow using QuoteFlow™
- Track key performance metrics to improve on future quote preparation
- Access QLM Sales remotely via secure web browser connection

THE LATEST INFORMATION

QLM Sales allows users to find, attach and re-use any quote related information from one secure location. No matter what your role in the quotation preparation process, QLM Sales is the most efficient conduit to access all of your quoting information.

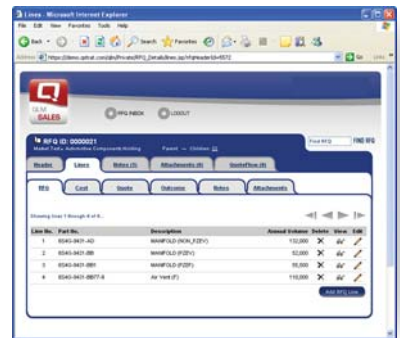

Speed to allow you to find, evaluate, and leverage the information you need for fast turnaround time. QuoteFlow™ ensures that RFQs move efficiently from department to department.

Visual Cues allow you to quickly understand and utilize QLM Sales effectively, informing you of top priorities and project status from the convenience of your desktop. The system can be further configured to your particular needs and to streamline your activities.

Analyze information to assess business, sales, and investment performance. Integration with other business/enterprise systems further enhances your quote management activities.

Editable User Defined Fields to collect the data you want to capture.

An easy to use and intuitive interface ensures that the information you need is only a click away.

The QLM Suite

The QLM Suite supports and facilitates business processes in the Quotation Lifecycle from interactions with your customers to interactions with your suppliers and allows for ease of collaboration with all departments within your organization.
