

A Message to Our Lower Makefield Seniors

We are now in our 7th month of this pandemic. I, for one, would never have thought this virus could have lasted this long and done so much damage to this country. I can only hope it will be over soon, but in the meantime we have to adhere to the restrictions. Our Community Center, which is the heart of Lower Makefield Seniors, is still closed down.

During this time, we have lost Peggy Miller. She served at the front desk at our Wednesday morning game day, welcoming people and answering questions. She, along with Beverly Carter and Ethel Humienny, folded and posted our newsletter. She is and will be sorely missed. We also lost Brian Derby to COVID. Brian kept the Center running both for our activities and those of Parks & Recreation. He always had a smile and a helping hand whenever needed. Milt Silverstein, our Secretary and Board member, has moved to Plush Mills, an assisted living center in Wallingford, to be closer to his daughter. It won't be the same without Milt at our trips and activities. He did so much and was one of the nicest people I had the pleasure of knowing.

We have had to cancel all of our trips this year. We were fortunate to be able to return the money to those members who paid for the Doolans trip. All of our other activities are also cancelled until we can return to the Center safely.

I am sorry I did not think of this way to communicate with our members sooner. If anyone has something they would like shared about our organization, please e-mail me (zipper456@comcast.net) or call me at 215-321-1763. I will try to write once a month, if there is a need.

Thank you, stay safe and I sincerely miss seeing and being with everyone.

Ellie Hammill, President
