Do your homework when choosing insurance plans as you do have choices

For example: Members can be on Green Shield Dental and Johnson Prestige for Extended Health and Travel and switch between plans as long as you have continuous coverage.

Most travel insurance plans have a 3 month pre-existing condition clause, but the Prestige plan Johnson does not.

Contact plans to find out specific details, to compare plans and to continue monitor changes.

See a comparison chart between plans <https://bcrvpva.ca/> benefits tab.
