Did you know that your community may have a cost-share program that funds practices you can use in your lawn to make it soak up stormwater, which helps improve overall water quality? Your community, along with the Iowa Storm Water Education Partnership (ISWEP), encourages you to install these best management practices (BMPs) on your property to help improve the water quality in your neighborhood stream, pond, or lake. Contact your local stormwater department or visit their website to learn more about your community’s cost-share funding options!

### Cost-share funds help pay for these BMPs:

<table>
<thead>
<tr>
<th>Stormwater BMP Projects</th>
<th>Cost-share Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Rain barrels, rain gardens, bioretention cells, permeable pavers, soil quality restoration, native landscaping, other stormwater BMPs</td>
<td>50% to $75 per property and up to $1,800 per property or business</td>
</tr>
<tr>
<td>• Rain barrels, rain gardens, bioretention cells, permeable pavers, soil quality restoration, streambank stabilization, other stormwater BMPs</td>
<td>50% to $1,250 per fiscal year per property</td>
</tr>
<tr>
<td>• Rain barrels, rain gardens, filtration or infiltration system, erosion control, grassed swale planting, other stormwater BMPs</td>
<td>50% to $750, whichever is the lesser value, first come, first served basis</td>
</tr>
<tr>
<td>• Rain barrels, rain gardens, soil quality restoration, bank reinforcement, exterior drainage improvements or facility repairs</td>
<td>50% of qualifying expenses up to a specified maximum contribution per project</td>
</tr>
<tr>
<td>• Rain barrels, rain gardens, soil quality restoration, other stormwater BMPs</td>
<td>50% of first come, first served basis</td>
</tr>
<tr>
<td>• Rain barrels, soil quality restoration</td>
<td>Rain barrels up to $750, soil quality restoration 50% match up to $1,500</td>
</tr>
<tr>
<td>• Rain barrels, rain gardens, soil quality restoration, native plantings, other stormwater BMPs</td>
<td>Up to $1,000 per property per fiscal year for most BMPs; Rain barrels up to $75</td>
</tr>
<tr>
<td>• Rain barrels, rain gardens, bioretention cells, permeable pavers, soil quality restoration, native landscaping, streambank stabilization</td>
<td>Rain barrels up to $1,500 per property and up to 75% cost-share for eligible practices</td>
</tr>
<tr>
<td>• Rain barrels, rain gardens, bioretention cells, permeable pavers, soil quality restoration, native landscaping, storm drain systems, wind breaks</td>
<td>50% for all eligible projects</td>
</tr>
</tbody>
</table>
