

Indian Lake

Christian Camp

COVID-19 update 4/23/2020

Hello Camp Family!

Right now, our camp is still planning on a great summer program, but if anything changes, we will let you know! You can follow camp on Facebook or Instagram for quick updates, fun pictures and new challenges!

If you have not registered yet we totally understand with all the uncertainty! To help delay costs, we have changed the deposit to 25% of the total registration costs and changed the next 2 installment payments to May 28 and June 26 (or the start of the Middle School/High School camp week).

If you have already registered, you can contact JJ Hill directly before April 30th, to get the payment dates moved, if necessary. Call 443-693-2588 or email jjhill@indianlakecamp.org

At this time, we have not made any decisions on what our refund policy will be **if** summer camps need to be cancelled. We are looking at all the possibilities and hope parents will be able to choose an option, like rolling the registration over to next summer for an additional incentive, donating a portion or all of the registration fees (this would be tax deductible), or something along those lines. We hope to have a decision made by June 1st or rolling 2 weeks before your camp session starts if we end up with a partial summer. We are also looking into Weekend Mini camps in the fall if summer gets cancelled. We know how much kids need camp and we want to do everything possible to make that happen!

We also have opportunities for families to serve at camp if they want a way to get out of their house! Just contact us and we will work out a schedule with social distancing! There is also a great hiking trail called the Mason Dixon trail that you can use if you park at camp.

We have a Camp Open house scheduled for May 3rd, please watch our social media pages and we will do a live virtual tour at 2pm that day.

Please reach out to us at any time with prayer requests or any questions you have!

Serving and trusting Him,

JJ Hill
Camp Director
