DESIGN FOR GOOD HEALTH.

WWYW education and certification programs teach how to significantly reduce interior toxins, resulting in healthier living and working environments. Learn how to reach today's increasingly health conscious consumer. Position yourself above your competition and increase profits. Train your staff on why understanding how to achieve a healthy home is important to the sales process. Learn which products drastically reduce toxins in the home.

COURSES

- 1 Introduction to WWYW
- 2 The Natural Approach
- 3 Sustainability & Innovation
- 4 Making Responsible Choices

Approved for continuing education credits for NAHB designations.

Eligible for ASID and IIDA Health and Safety CEU Credits.

\$495

PERSON

Four courses • Networking •
Continental Breakfast •
Workbook • Certification Test
