Travellers Rest Historic House Museum

COVID-19 Education Programs Policy

Dear Teachers & Parents,

We are happy to welcome you and your students to Historic Travellers Rest for an exciting program. To provide a safe and healthy environment for your students, yourselves, and our staff at the present time, we are following all Centers for Disease Control (CDC) guidelines, and guidelines set by Metro Nashville & the State of Tennessee. Below are detailed measures we have taken to ensure your safety and the safety of our staff. For your safety and that of your students, we will be taking the following precautions:

● All staff members at Travellers Rest are fully vaccinated & will be wearing masks for the program while in close proximity to attendees and while indoors.

● We strongly recommend at the present time that all unvaccinated teachers, parents, and students wear masks while they are on-site.

● Though mask wearing is strongly recommended on-site, it is not mandated.

● For programs that include tours of the historic home, we plan to keep group sizes small to better allow for social distancing in the historic home.

● All high traffic areas, including restrooms, are being cleaned regularly in accordance with CDC guidelines.

● If tables and chairs are needed for programming, they will be spaced out accordingly to allow for social distancing.

● All tables and chairs used by participants will be thoroughly cleaned before the program.
For Historic Trades Day – We anticipate many people to be on-site for historic trades day, as this will be an outdoor event. All of the artisans who are coming on-site will be spaced far apart to allow for better social distancing. Also since this is a non-structured day besides the arrival time, so that families and groups can spend as much or as little time with the artisans as they choose, we suggest that if one station is full, you move to another and come back once that station is less crowded.

In the event that a scheduled outdoor education program or event has to move to an indoor location, mask wearing to help prevent Covid-19 is strongly encouraged, but it will not be mandated.

Travellers Rest Historic House Museum reserves the right to update & change these policies as circumstances change.

If you have any other questions or concerns regarding these recommendations, please contact Andy Blair, the Education & Outreach Coordinator for Historic Travellers Rest at 615-832-8197 ext. 15, or by email at andy@historictravellersrest.org. We look forward to having you and your students visit us soon.

Sincerely,

The Staff at Historic Travellers Rest
