

Renew a Prescription

Prescription renewals are handled 9:00 am to 4:00 pm, Monday through Friday. Please allow at least 72 hours to accommodate your request, as each request has to be approved by a physician and all physicians are not in the office every day.

If your prescription is running low, please do not wait until after office hours, the weekend or until your medication has completely run out. If you are planning to travel out of town, please make sure you have enough medication to take on your trip.
