WHEREAS, in Opinion of the State Comptroller Number 85-51, the State Comptroller indicated that the determination whether a project that consists of the construction of an apartment house is a commercial activity within the meaning of the Act is to be made by local officials based upon all of the facts relevant to the proposed project, and that any such determination should take into account the stated purpose of the Act, that is, the promotion of employment opportunities and the prevention of economic deterioration; and

WHEREAS, to aid the Agency in determining whether the Project qualifies for Financial Assistance as a commercial project within the meaning of the Act, the Agency has reviewed the following (collectively, the "Project Qualification Documents"): (A) the Application, including the attached Cost Benefit Analysis; and (B) an economic benefit study dated January 31, 2018 (the "Economic Benefit Study");

WHEREAS, the Agency has given due consideration to the Project Qualification Documents, and to representations by the Company that although the Project constitutes a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost, the Project (A) provides a good or service not otherwise reasonably accessible to the residents of the City of Kingston, New York (the "City") and (B) is located within a distressed census tract and therefore is in a "highly distressed area," as that term is defined in Section 854(18) of the Act; and

WHEREAS, pursuant to Section 862(2)(b) of the Act, the Agency would be authorized to provide financial assistance in respect of the Project provided that the obligation of the Agency to proceed with the Project was subject to certain conditions, including (1) following compliance with the procedural requirements of Section 859-a of the Act, a finding by the Agency that the Project would preserve permanent, private sector jobs in the State of New York or increase the overall number of permanent, private sector jobs in the State of New York and (2) confirmation by the County Executive of Ulster County, New York (the "County Executive") of the proposed action by the Agency with respect to the Project; and

WHEREAS, having complied with the requirements of SEQRA and Section 859-a of the Act with respect to the Project, the Agency now desires, pursuant to Section 862(2)(c) of the Act, to make its final findings with respect to the Project and its final determination whether to proceed with the Project;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF ULSTER COUNTY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. Based upon an examination of the Project Qualification Documents and based further upon the Agency's knowledge of the area surrounding the Project and such further investigation of the Project and its economic effects as the Agency has deemed appropriate, the Agency makes the following findings and determinations with respect to the Project:

A. The Project is located in an area having a mixture of residential, not-for-profit, commercial, retail, and service uses.

B. The Economic Benefit Study makes the following comments/findings regarding senior housing in the City:

- Significant need for affordable senior housing in the City
- Project will provide affordable housing options to seniors which would be otherwise unavailable
- Project will result in increased local spending

C. That undertaking the Project is consistent with the Economic Benefit Study and will assist and maintain current and future residential and commercial development and expansion in the neighborhood area.

D. The Company has informed representatives of the Agency that the Company is not aware of any adverse employment impact caused by the undertaking of the Project.

Section 2. Based upon the foregoing review of the Project Qualification Documents and based further upon the Agency's knowledge of the area surrounding the Project Facility and such further investigation of the Project and its economic effects as the Agency has deemed appropriate, the Agency makes the following determinations with respect to the Project:

A. That although the Project does constitute a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost, the Project (i) provides a good or service not otherwise reasonably accessible to the residents of the City and (ii) is located in a "highly distressed area" (as defined in the Act).

B. That (1) the Project Facility will provide necessary infrastructure for area employers and businesses, (2) the completion of the Project Facility will have an impact upon the creation, retention and expansion of employment opportunities in the City and in the State of New York, and (3) the completion of the Project will assist in promoting employment opportunities and assist in preventing economic deterioration in the City.

C. That the acquisition, reconstruction, renovation and installation of the Project Facility is essential to the retention of existing employment and the creation of new employment opportunities and is essential to the prevention of economic deterioration of businesses and neighborhoods located in the City.

D. That the Project constitutes a "commercial" project within the meaning of the Act.

E. That the undertaking of the Project will serve the public purposes of the Act by preserving and creating permanent private sector jobs in the State of New York.

Section 3. Having reviewed the Public Hearing Report, and having considered fully all comments contained therein, and based upon the findings contained in Section 1 above, the Agency hereby determines to proceed with the Project and the granting of the financial assistance described in the notice of the Public Hearing; provided, however, that no financial assistance shall be provided to the Project by the Agency unless and until the County Executive, as chief executive officer of the Ulster County, New York, shall, pursuant to Section 862(2)(c) of the Act, confirm the proposed action of the Agency with respect to the Project.
