

BAUSCH + LOMB

See better. Live better.

May 2020

Dear Eye Care Professional,

With the COVID-19 situation continuing to evolve, Bausch + Lomb remains committed to supporting your practice and patients as we are all adjusting to the “next normal” phase of our working and personal lives.

As practices begin to reopen for non-emergency care across the country, it has become abundantly clear that we will need to continue to practice physical distancing to promote a comfortable and safe environment for all.

In order to allow you to conduct business in a safe, efficient manner and to reduce any nonessential visits to your office, Bausch + Lomb is happy to share that we will be extending our offer of free direct-to-patient shipping through the balance of the year.

This offer includes our Essentials Home and Go Free programs, which are designed to delight your patients and have them return to your practice year after year.

If you would like to learn more about these programs, or if you have any questions, our sales team continues to be available to help. You can reach them directly by phone, email or through our Customer Resource Centre at 1-800-686-7720.

Bausch + Lomb is truly proud to serve and support our customers, in knowing that each of you take the same pride in serving your patients and communities.

Sincerely,

A handwritten signature in black ink, appearing to read "Matt Nowak".
