Just as people trained in CPR and the Heimlich Maneuver help save thousands of lives each year, people trained in QPR learn how to recognize the warning signs of a suicide crisis and how to question, persuade, and refer someone to help. Each year thousands of Americans, like you, are saying “Yes” to saving the life of a family member, a friend, a colleague, or a neighbor. A certified QPR trainer from Prevent Suicide PA will run this session. For more information, visit preventsuicidedepa.org.
