### **Why Watch Da Vinci and Michelangelo: The Titans Experience**

Leonardo da Vinci was a polymath during the Renaissance and is widely considered one of the greatest artists of all time. Despite having just 15 paintings that have survived, his work includes the most popular portrait ever made, the Mona Lisa, and the most reproduced religious painting, The Last Supper. He was also an expert in the fields of engineering, mathematics and astronomy, and has been hailed as a 'Universal Genius' owing to his influence across disciplines. Michelangelo was an Italian artist, sculptor, and poet of the Renaissance and one of the greatest artists of all time. Numerous works of his rank as some of the most famous in existence today, and he is one of the best documented artists of the 16th century. His most famous works include the frescoes on the

ceiling of the Sistine Chapel and The Last Judgment on the altar. Often called ‘the divine one,’ Michelangelo’s style was extremely influential and even inspired future art movements of the Renaissance. The show is presented by Mark Rodgers, director of the DaVinci Machines and Michelangelo Exhibitions for North America. Rodgers is also the producer, writer, and headliner for **the stage show that is guaranteed to enrapture audiences from across the world at Broadway.** What started as just a tour for DaVinci has now evolved into a full-fledged show that includes Michelangelo, as he gives incredible insight into the life and work of the two monumental artists of the Renaissance. **With shows across the United States, Europe, Australia and China, Rodgers has clearly distinguished his show as one of the very best on DaVinci and Michelangelo!**
