

SENIOR COALITION

Our existence is to enhance the continuity of care concept for our senior citizens as an integral part of the health care delivery system. The Senior Coalition strives to provide patient care professionals that provide the resources and solutions to ensure assistance in the continuity of the care process.

Our goals:

- Provide an environment for sharing concerns and feasible solutions for quality patient care.
- Provide monthly educational programs.
- Promote a multi-disciplinary approach to continuity of care.
- Provide a professional forum to assist individual members in career development and personal growth in today's health care field.

Meetings are held monthly, January through December, and are conducted in accordance with the goals of this organization.

Membership is open to individuals who are actively involved with or responsible for coordinating continuity of care.
