

YOU ASKED, WE LISTENED!!!!

In addition to the Clinical and Administration exams, the ASPMA will have an all-NEW Radiology specific examination that will be offered to both members and non-members. Upon successful completion, the assistant will be certified to take radiographs under the supervision of a licensed Podiatrist.

The new Radiology exam will be available as of **October 1st, 2019.**

If you would like more information about becoming certified as a Podiatric Radiology Assistant (PRAC) please visit us at www.aspma.org.
