

VMCCA COTTONWOOD, ARIZONA TOUR OCTOBER 18 TO OCTOBER 24, 2020

The VMCCA Cottonwood tour is well under way and it is going to be big week of activity. Those that wish to make hotel reservations now may call the Lux Verde Hotel at 928-634-4207, the room rate is \$94.00 plus tax. Free breakfast. Address, 301 W State Route 89A, Cottonwood, Arizona.

The places you will be going to are as follows, however not in the same order.

You will start off your week by going to the Grand Canyon on Monday, Tuesday will take you to the Bearizona wildlife area, Planes of Fame, a Deer farm, here you will feed and pet real deer. more activities but not in this order are, Arizona Copper Art Museum, Tuzigoot ruins, the Clemenceau Heritage Museum, they have a toy train set up & running. The old town of Jerome where you walk in the house front door at ground level, but the back door is 3 stories high. Then we have the Gold King Mine where you may find just about anything here. A drive through Sedona's Red Rock country including the beautiful Chapel of the Holy Cross. After all this, we will spend some time at the "Out of Africa." This will be the 5-day normal tour, however for those that wish, we will do the Verde Train ride on Saturday. This is because the train is very expensive and I do not want to include in the train in the 5 days as I am afraid it would blow some people out of the water, This way those that just want the 5 day tour may do just that, those that want to do the train may still do so this way. The train is about \$98.00 per person. Friday closing banquet will be at the Blazin M western dinner show. I have been to this show a few times, never left hungry & really enjoyed the entertainment.
