Dimensions may vary ±¹/₈" (3). Dimensions in parentheses are millimeters unless otherwise specified.

DIMENSIONS

INSTALLATION

*Without ventilation hood, 36" (914) minimum clearance countertop to combustible materials, 44" (118) for charbroiler.

NOTE: Shaded area above countertop indicates minimum clearance to combustible surfaces, combustible materials cannot be located within this area.

For island installation, 12" (305) minimum clearance back of range to combustible rear wall above countertop.

A riser is required for installations against a combustible surface.
