Track System
Screw Caps

**Features**

- Designed to conceal the screws that mount the Track Panel to the wall.
- The caps are compatible with the 3/16" SnapToggle so the panel can be anchored where studs are not present.

**Specifications**

- **300.5405.MAL**

**Options**

- Finish: Matte Aluminum

**Dimensions**

- **FINISHED PRODUCT**

**Instructions & Specifications**

1. Insert screw into screw cap. Use 3/16" SnapToggle with screw where studs are not present.
2. Install the track panel using the screw and cap.
3. After track is installed, snap the cap shut.

**Storage Accessories. Differentiated by Design.**

**Finish Code (FIN)**
