PART B: ASSEMBLY

1. Insert vertical bars and end caps

2. Insert Jig K & L

3. Secure corners of Vertical Bars
PART C: ASSEMBLY & WALL INSTALLATION

4
Secure corners of Vertical Bars

5
Tighten Horizontal Bars

6
Mark ONLY top right corner

STEP 4: Detail 1

STEP 5: Detail 1

STEP 8
Use Jig 2 (J2) to align End caps (E) with each other. Tighten all remaining screws on Vertical bar (V2) while pushing horizontal bars (H) down.

STEP 11
Locate frame on wall, mark hole drilling location to wall and drill hole using 1/2\" drill bit.

STEP 12
Insert toggler into wall, and then fix post using 10-24 screw.

If installing on partition replace F with #8 wood screw.
PART D: WALL INSTALLATION

STEP 13: Locate frame using post installed on last step. Level frame and mark wall by pressing on the remaining posts.

STEP 15: Install frame and secure by tightening set screws on every post.

STEP 14: Drill holes on the marked spot using 1/2" drill bit. Introduce toggles into the drilled holes and fix posts using 10-24 screws.

STEP 11: Locate frame on wall, mark hole drilling location to wall and drill hole using 1/2" drill bit.

STEP 7: Position and level

STEP 8: Mark & install remaining posts

STEP 9: Install and secure to complete

HORIZONTAL BARS
PART F: Jig L Positioning

**Jig L (Shop Supplied)**
Recommended but not required

**Assembly Without A Jig**

- Recommended maximum ‘X’: 12”
- Recommended maximum ‘Y’: 40”
Leave Behind Imitation Leather Care Instructions

1. Standard cleaning: wipe clean with a slightly damp cloth. Do not use highly acidic or alkaline cleaners, other non-recommended commercial cleaners or polishes, or treated cloths that have been used to clean other furniture. Do not steam or use heat.

2. Stain removal: Mix denatured alcohol (methylated spirits) and warm water in equal proportions, dampen a clean cloth with the mixture, and wipe stain until it’s removed. Denatured alcohol is poisonous and highly flammable, but evaporates quickly and cleanly and will remove stains from imitation leather surfaces. Do not steam or use heat.
