

FREE PLANT AUDIT

AND A FREE PULL TEST KIT:

With a minimum qualifying purchase resulting from the Free Plant Audit, IMI will provide a Pull Test Kit (a \$400 value) at no charge, allowing the customer the ability to self-monitor their magnetic equipment on a regular basis. (Qualifying purchase must ship by 12/31/2012)

INDUSTRIAL MAGNETICS, INC. (IMI) is offering a free, no obligation Plant Survey to companies interested in evaluating how magnetic equipment can:

- **Purify product**
- **Improve cycle times**
- **Reduce operating costs**
- **Protect equipment from metal damage**
- **Increase Employee Safety**

IMI will perform objective and measured strength testing of existing magnetic equipment, identify key areas where magnets could enhance operating performance and offer a comparative cost analysis for new or upgraded magnetic equipment. We also offer free product testing at our in-house R&D facility.

Contact Industrial Magnetics, Inc. today to take advantage of almost 50 years of experience in designing custom magnetic solutions.

Demand the best. Our magnets will increase your facility's efficiency & product purity... WE GUARANTEE IT!
