SCOPE TRAINING SKILL SETS

BSBSS00040 INNOVATION LEADERSHIP SKILL SET

OVERVIEW

Training package skill sets are composed of one or more units of competency from a training package and are designed to meet licensing or regulatory requirements, or a defined industry need.

Innovation Leadership skill set is suggested for those individuals who will have a leadership role in promoting innovation with an organisation or division.

PATHWAY INFORMATION

These units provide credit toward a number of qualifications including BSB340215 Certificate IV in Business and BSB50215 Diploma of Business

SKILL SET UNITS

BSBINN501 Establish systems that support innovation

This unit describes the skills and knowledge required to conceptualise and establish new systems that support and encourage innovation in the workplace

BSBINN502 Build and sustain an innovative work environment

This unit describes the skills and knowledge required to create an environment that enables and supports the application of innovative practice focusing on a holistic approach to the integration of innovation across all areas of work practice
