The practitioner will check in with you over the phone and confirm your method of payment.

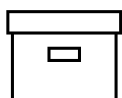

Please have your payment ready at the end of your session. You may pay by credit card (no signature required), pre-written personal check, or cash enclosed in an envelope (no change given).

Put your mask on and **wait outside** the Armonía Health door. The practitioner will open the door for you and spray hand sanitizer on your hands and take your temperature.

We will have a disposable mask for you if you don't have one.

Go to the restroom to **wash your hands**. If needed, please use the toilet. Dry your hands with paper towels and use the paper towel to open the restroom door as you exit.

Follow the practitioner to the treatment room. Place your personal items in the plastic bin.

The practitioner will place the acupuncture points (or perform other modalities) and leave the room.

After your treatment, please exit the treatment room and go to the restroom, if needed.

The practitioner will take your payment, open the front door for you and check in with you briefly outside.
