**MTSS Considerations for Re-Entering the School Year: Building Strong Systems and Trauma-Informed Practices**

**Drs. Jennifer Betters-Bubon (PhD, LPC) and Emily Goodman-Scott (PhD, LPC)**

Description: School Counselors: What's most important to consider, as you plan to go back to school in these unusual times? Join school counseling faculty to discuss how to plan for the start of the school year, focusing on building strong teams and systems, and using trauma-informed practices. This presentation will be framed using a MTSS (e.g., RTI/PBIS) frame: prevention for all, and more specialized supports for students with elevated needs.

Objectives: by the end of this session, participants will have a better understanding of (a) MTSS, (b) using a system's perspective to build strong school leadership/teaming, and (c) learn trauma-informed strategies for all students, and those with elevated needs.

- Please register 24 hours before the webinar and we will send a zoom link to join
- We will not offer CEUs, but certificates of attendance
