

THE EASIEST

\$350

YOU'LL EVER MAKE

Refer the VOLT™ platform to your utility employer, get us in the door for a demonstration, and make a solid \$350. No purchase necessary, just a referral and an opportunity for us to show you what we're about.

VISUAL ONLINE LINEMAN TEAM'S REFERRAL PROGRAM

Upon experiencing the speed and efficiency of the VOLT™ platform for analyzing and delivering inspection grade data, utilities often say "we wish we knew about this a long time ago" or "we didn't know this option existed in the market."

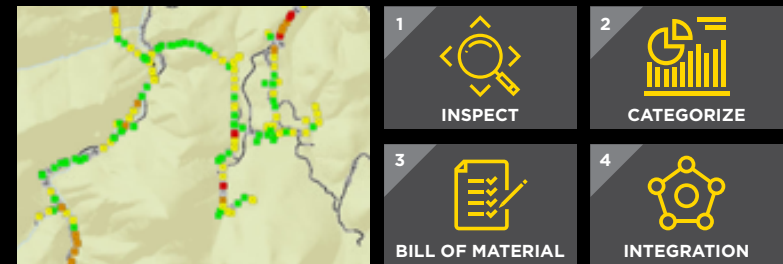

VOLT™ is a US based data inspection service by Journeyman lineman, which yields the fastest and most comprehensive analysis of powerline imagery available, guaranteed in twelve days or less.

VOLT is proud to release the VOLT™ Referral Program, to build awareness of the proven Journeymen solution for inspecting aerial imagery.

Lineman earn \$350 for referring the VOLT™ platform to their utility employer, which results in a demonstration of our solution capabilities. No purchase necessary.

12 DAYS OR LESS / UNLIMITED DATA SIZE

Journeyman inspect image data of any size up to 345kV structures.

ENTIRE WORKFLOW SIMPLIFICATION

**VOLT reserves the right to decline demonstration opportunities.*
