FROM IT MAY CONCERN

This is to certify that we have no objection to develop the "Herbal Garden" in our college/School/Institute's campus under the project entitled "*Sustainable development and conservation program for rare and common medicinal plants' garden for local communities and Institutions (Western U.P.)*" Sponsored by NMPB (National Medicinal Plant Board), Department of AYUSH, Ministry of Health & Family Welfare, Government of India. It's great pleasure to us to have such an asset in our institution. It will be beneficial to our students as well as local community. We'll provide space and all required facilities to develop the Herbal Garden in our institution. It is assured that after developing the herbal garden it will be maintained as per your guidelines and requirements.

Thanking You.
