Senior Couple	\$395	\$395 (bond not required)	\$395 (bond not required)

Bonded vs. Pre-Bonded

All seasonal Bogota Swim Club Members are required to become bonded members at some point over the course of their first four years. Members have the option to pay the one-time, refundable \$400 bond up front, or pay \$100 each year for the first four years in addition to the seasonal membership fee. Once bonded, each membership has the ability to take an active role in the direction of the club via voting right at our general membership meetings. When a bonded member no longer wishes to be a member of the club they may resign and either apply their bond towards a final season at the club, or have their bond money returned. **Pre-bonded members must complete four consecutive years at the club before they are eligible for a bond refund. If membership is not consecutive, collected Pre-bonded monies shall be placed in the General Fund.**

For more information regarding the bonding process as well as a complete list of the rules and regulations of the Bogota Swim Club please visit our website or speak with a manager.
