JUNE 2020

RESOURCES FOR BUSINESSES & EMPLOYERS

Together We Can Stay Safe & Get Through This!

All employers need to consider how best to decrease the spread of COVID-19 and lower the impact in their workplace. For guidance, best practices, strategies, and recommendations please check these resources.

SLOW THE SPREAD!
[coronavirus.gov](https://www.coronavirus.gov)

- For Centers for Disease Control and Prevention (CDC) information specific to businesses and employers visit: <https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html>.
- For State of California COVID-19 information and resources visit: <https://covid19.ca.gov>.
- For Contra Costa County information visit: <https://www.contracostahealth.org>.
- For City of San Ramon information visit: <http://www.sanramon.ca.gov/covid-19>.

Thank You For Your Efforts!

As an essential service, the employees at ACI of San Ramon continue to provide the collection and processing of garbage, recyclables and organics for the City of San Ramon.

As we navigate this challenging time we would like to thank you for following our guidelines to help us provide safe and efficient services. For our collection schedules, guidelines, and FAQs in regards to COVID-19 visit:

<https://www.sanramonrecycles.com/coronavirus/>. If you need to reduce, suspend, or re-start service due to COVID-19, please contact ACI at **925-380-9480** or info@alamedacountyindustries.com.

Guidance for Reusables

The shelter-in-place order includes stricter measures in regards to using reusable bags, mugs, and other reusable items.

GROCERY STORES AND FOOD ESTABLISHMENTS TRY THIS - Encourage your customers to avoid single-use bags by keeping reusable bags in their cars and using shopping carts/baskets to transfer loose purchased items outside the store and into their reusable bags.

Proper Sorting Keeps Garbage out of the Recyclables (and keeps Recyclables out of the landfill!)

KNOW WHAT TO THROW

GARBAGE & ORGANICS DO NOT belong in the blue **RECYCLABLES** collection containers. For posters, guides, and more please visit: <https://www.sanramonrecycles.com/commercial/resources/>. For a comprehensive list of what belongs in each collection container, visit our website or scan the QR code at right.

MAINTAIN A CLEAN STREAM!

Empty, wipe and/or rinse recyclable plastic, metal and glass food containers; and make sure recyclable paper is clean and dry before placing in the **RECYCLABLES** containers.

DID YOU KNOW?

In 2017 a series of worldwide restricted export requirements for recyclable materials were put in place. These higher standards have:

- Increased the effort (time and labor) required to properly separate and prepare materials for market.
- Decreased the number and types of items that can be easily recycled.
- Lowered or eliminated the revenue that recyclers receive from selling many materials.

City & State Regulations Require Recycling & Composting

Compliance will reduce the amount of material going to the landfill and greenhouse gas emissions. All businesses in San Ramon must subscribe to adequate levels of service for recyclables, organics, and garbage. In addition to complying with the law, many businesses find that they can reduce costs by maximizing their recyclables and organics services and reducing garbage service. Visit: www.CalRecycle.ca.gov for more information about the Mandatory Commercial Recycling Ordinances.

Holiday Service Schedule

Service will be provided on your regular collection day during the weeks of Independence Day and Labor Day.

SHARE THIS INFORMATION WITH YOUR EMPLOYEES/TENANTS! This newsletter can be downloaded and printed from our website: www.sanramonrecycles.com/commercial/resources/.
