Make Sure Your Complex Has the Right Levels of Collection Service!

City & State Regulations Require Recycling & Composting

Multi-Family complexes in San Ramon must subscribe to adequate levels of service for recyclables, organics, and garbage. Compliance will reduce the amount of material going to the landfill and greenhouse gas emissions. In addition to complying with the law, many complexes find that they can reduce costs by maximizing their recyclables and organics services and reducing garbage service. Visit: www.CalRecycle.ca.gov for more information about the Mandatory Commercial Recycling Ordinances.

Proper Sorting Tips

FLATTEN CARDBOARD

Corrugated cardboard and paper boxes should be flattened and large pieces cut to fit in the bin or cart. Doing so:

- Allows for more room in the container.
- Prevents overflow and litter.

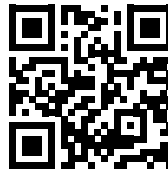

KEEP IT CLEAN & LOOSE!

Empty, wipe and/or rinse recyclable plastic, metal and glass food containers; and make sure recyclable paper is clean and dry. Keep **RECYCLABLES** loose (except for *plastic bag-in-bag*) inside your collection containers. **RECYCLABLES** in bags (especially opaque/black ones) are sorted out as garbage and end up in the landfill.

WHEN IN DOUBT...FIND OUT!

For a list of what belongs in each container, visit www.SanRamonSort.com or scan the QR code at right or on your container.
