NOVEMBER 2020

City & State Regulations Require Recycling & Composting

Compliance reduces the amount of material going to the landfill and greenhouse gas emissions.

All occupied properties in San Ramon must subscribe to adequate levels of service for recyclables, organics and garbage. Each multi-family complex has been provided with Recyclables and Organics service and collection containers by ACI of San Ramon.

Visit: www.CalRecycle.ca.gov for more information about the Mandatory Commercial Recycling Ordinances.

Proper sorting makes a difference!

Most customers can minimize garbage bills by recycling. Proper use of recycling and organics containers may decrease the amount of garbage service needed. For a list of FAQs, rates, and program information please visit: www.SanRamonRecycles.com.

To help with proper sorting, ACI of San Ramon provides one tote and pail to each unit at no charge.

THE RECYCLING TOTE

makes it easy to transport recyclables to the blue recycling collection containers at your complex.

THE HANDY KITCHEN PAIL*

is for the collection of food-soiled paper and food scraps.

Tenants simply empty the contents of the pail into the green organics collection containers at your complex.

**Must have organics service in place to receive kitchen pails.*

If you haven't received your Recycling Totes and Handy Kitchen Pails yet, contact us today to arrange delivery.

Multi-Family Holiday Tree Collection
