This walking route was created to encourage walking and exploring throughout the beautiful area of Elbow Lake, MN. The Park & Recreation Committee assembled it as part of SHIP, our statewide health improvement efforts, in creating communities that support healthy choices.
Use sidewalks where available. If no sidewalks are present, use safety precautions.

1. **Community Building** – The Elbow Lake Community building was built in 1933 and was formerly known as the Scofield Building. Today it houses the Elbow Lake public library, the city offices, community nutrition center, the senior citizens center, C & C office, Tri-State Manufacturing offices, city council room and two additional rooms that can be used for public meetings.

2. **Grant County Museum** – The Grant County Museum was built in 1960 with a donation from Hanah and Betsy Anderson. The museum holds the history of Grant County and in 2009 the Elbow Lake American Legion added a veterans wing to commemorate the veterans from Grant County. One of the best artifacts in the museum is an original ox-cart from the early 1800s.

3. **Grant County Court House** – Built in 1905 to house the Grant County government offices, the court house is beautifully constructed portwing brownstone with neo-classic architecture. Today the court house is on the national register of historic places and is an awesome sight viewed from main street Elbow Lake.

4. **Kube Park** – The park was dedicated to the city in 1988 by Polly and Peter Kube. The park contains a picnic shelter, playground equipment, BMX track, and a skate board area. The park is a wonderful place to bring your family for an afternoon or evening retreat.
