

## *“A Lighthouse Guiding People to Christ”*

We have talked a lot about how music is an important way to worship God and for many it is through music that one feels closest with God. This has been the case for centuries. Much of the Old Testament was chanted when read. John and Charles Wesley, like others, used music to not only express their understanding of God but to help others understand. The last two weeks we have looked at some of the theology that makes us Methodist. Join me this morning as we look at how they wove their understanding of theology and Biblical truths into the poems and hymns we still sing today.

*Blessings,  
Pastor Mollie*
