NAMI Walks - Silicon Valley

A Beautiful Day at the Walk!!

The second NAMIWalks Silicon Valley, held on Saturday, September 23rd in Guadalupe River Park, San Jose, was a big success!

NAMI Santa Clara, who hosted the event, stated that more than 1,000 people participated either as walkers or to cheer on friends and family members. This year, the 5K (3.2 mile) Walk meandered through downtown. There were a lot of things to see along the way—interesting sculptures, architecture, gardens, murals and downtown in general. Overall, there was a lot of walking, eye candy, music and schmoozing, which added up to a great event! Thank you to everyone who participated, fundraised, donated, and volunteered, and to Santa Clara for having us participate.

Fundraising for the Walk is open until the end of October and you can still win prizes!

To those who have already donated and asked your friends, family and colleagues to join you in doing so, a big thank you. To those who have not, please set an example for your network, and ask them to support NAMI SMC also. Please let them know that all proceeds go towards funding our affiliate’s education programs and outreach to the community. Please help us meet our goal. We’re just over half way to $60,000, with a stretch goal of $80,000!! Let’s see what we can do to support our on-going and newest program Peer PALS and launch Mentors on Discharge into the community!

Contributions can be made online at www.namwalks.org/Team/NeverWalkAlone2017

When you donate to your favorite San Mateo County Walk team—All for One and One for All | Clubhouse Cranes | Colma Walks for NAMI | Felton San Mateo | Justice For Dylan Liberti | Kathy’s Hope | KP Redwood City Ramblers | NEVER WALK ALONE | Nurses for a Better Tomorrow | Peace of Mind | Revelation 3:1-6 Team Javina | San Mateo BHRS Health and Hope For All | SMC Sheriff’s Office | STIGMA SOCKS | Visa & the Strong Soles | Walking for Max and John—you enable us to support the growing need for NAMI SMC and the many services we provide. With an increasing demand for our services—the number of calls to our office, additional classes and support groups offered—we need your help to enable us to further flourish and grow!

If you have photos, stories to share, or questions, please contact Dyane at 408-453-0400 ext 3125 or email her at dhendricks@namisantaclara.org.

Lived Experience 2.0 Peer & Family Summit
Thursday, October 26 • 8am - 5pm
Foster City Crowne Plaza

Consumer and family member leaders, peers working in the system, and allied behavioral health services providers will come together to help define the role that consumer and family members will play in the county’s design and delivery of services, as well as in defining its vision of recovery and wellness.

The summit will provide valuable information to create a plan with goals, objectives and concrete steps toward improving the role of peers, consumers and family members in the delivery of mental health and substance abuse services over the next 5 years.

Participants will select one of three Tracks to work on during the entire summit. They will attend their Track’s morning workshops and later participate in the same Track’s brainstorm and planning session.

The summit Tracks are:
1. Advocacy - How can consumers and family members inform and help guide the work of BHRS?
2. Creating Common Ground – What are the differences and the similarities between the roles of peers and providers? How can BHRS support peer/provider successful alliances and role transitions?
3. Workforce Development – How could BHRS take better advantage of the values, knowledge and skills that peers can bring to the workforce?

Register at: www.cibhs.networkofcare4elearning.org. For more information please contact info@vorsmc.org.

This event is hosted by the Peer Recovery Collaborative in conjunction with the Office of Diversity and Equity and the Office of Consumer & Family Affairs of San Mateo County.

Crisis Intervention Training (CIT)  
Part of a first responder’s job is to deal with individuals with a mental illness. Safety risks are high when a crisis involves people who may not understand directions or who can’t comply. Interestingly, times of crisis may also be one of the best times for an officer at the scene to guide families and consumers towards support and assistance.

In 2005, a handful of first responders from police and sheriff agencies in San Mateo County (SMC) attended the first POST certified training program for Crisis Intervention Team (CIT). In the just-concluded training, 45 officers and dispatchers underwent 40 hours of intensive presentations, lectures and demonstrations including the NAMI Consumer and Family Panels. SMC is committed to CIT training for 100% of its officers.

After many years of participating on the family member panel of the CIT, this year I was privileged to attend all 40 hours while assisting our NAMI representative Sharon Roth, who was instrumental in bringing CIT to SMC. While I had my own preconceptions and expectations, I was genuinely impressed by the remarkable cooperation between BHRS, the police agencies, and NAMI. Each organization clearly demonstrated the depth of their commitment to protecting officers and individuals with a mental illness. I found the role play exercise the most compelling, where officers thought through the various response options in different crisis situations.

The honors and applause at graduation for each of the participants was also moving, there was representation from most city police agencies and I literally got goosebumps. The program will be held four times in the coming year; and San Mateo County is getting closer to its goal of 100% CIT trained officers. Congratulations to everyone for a job well done.

In Memory of Terry Walker  
On Sept 9, 2017, our longtime friend and past NAMI SMC Board President, Teresa “Terry” Walker passed away at the tender age of 92.

Over the years, Terry worked tirelessly in a variety of capacities in the mental illness arena. Amongst her many activities, Terry served on the SMC Mental Health Board and the Board of Directors of Mateo Lodge, Inc.; Terry was a long-time support group facilitator at the South County Mental Health Clinic and an active volunteer for the MHA Friendship Centers. Terry received the Heroes in the Fight Award and Tony Hoffman Award for her advocacy efforts. We salute Terry today and everyday for her many contributions and appreciate all she has done for our community with NAMI SMC: increasing awareness, supporting families and improving services. Our sincere condolences to Terry’s family and many friends. Please find the link in the SM Daily Journal which includes final arrangements and donating in Terry’s memory. http://www.smdailyjournal.com/obituaries/teresa-ann-walker/

New Additions to the Library  
Please visit the library at the NAMI San Mateo County office - we have books and videos available to check out! Watch for our latest additions below. If you have read a book related to Mental Health issues that you believe would benefit others, please email the office with the title and author.

You Are Not A Stranger Here by Adam Haslett  
In these unforgettable stories, the acclaimed author of Imagine Me Gone explores lives that appear shuttered by loss and discovers entire worlds hidden inside them. The impact is at once harrowing and thrilling.

An elderly inventor, burning with manic creativity, tries to reconcile with his estranged gay son. A bereaved boy draws a thugsish classmate into a relationship of escalating guilt and violence. A genteel middle-aged woman, a long-time resident of a psychiatric hospital, becomes the confidante of a lovelorn teenaged volunteer. Told with Chekhovian restraint and compassion, and conveying both the sorrow of life and the courage with which people rise to meet it, You Are Not A Stranger Here is a triumph of storytelling.

Many thanks to Meg Brosnan for donating this national bestseller.
Thank You Ivy & Pearls Foundation

On September 16th, the Rho Delta Omega Chapter of the Alpha Kappa Alpha Sorority held their 11th Annual Ivy & Pearls Foundation Wine, Croquet & Music fundraiser. This year, NAMI SMC was selected as their “Fund A Need” recipient. We received a generous check for $1,500.00!

The Rho Delta Omega Chapter extends the chapter’s charitable contributions to the community they serve, primarily including programs and partnerships established by their national sorority in addition to local community partnerships, their signature Black College Awareness Fair and workshops providing over $50,000 in college scholarships over the past 10 years.

Kathy Stern and Alan Cochran attended for NAMI. We are most grateful to the Rho Delta Omega Chapter for helping promote greater knowledge and understanding about mental illness and NAMI San Mateo.

Personal Stories of Change & Understanding

It’s important for people living around mental illness conditions to know that they are not alone. Sharing a story about your personal experiences with mental health challenges—as an individual with a diagnosis, or as a family member or friend—can help in your own recovery as well as provide encouragement and support to others with similar experiences.

Kathy Stern – A Mother’s Story

Around the summer of 2012 I began to be concerned about my adult son’s apparent depression and obvious isolation. He was 42 years old and living and working in Columbus, OH, and disappointed that his life and career hadn’t turned out the way he’d hoped.

Fast forward to August 2013. Although I knew he was desperately trying to change his work and living situation, I’d missed the seriousness of the downward spiral he was in. For several months he’d been smoking pot, drinking, and hardly sleeping. He was having frightening paranoid delusions.

I reacted to this crisis by jumping into action. My son ultimately committed to one year of medication and outpatient treatment. Great, I thought. I talked with him almost daily by phone and visited him three or four times that year. He found a good job and, although not his “old self,” he seemed stable.

In August, 2014, true to his word he stopped all treatment. six months later he quit his job when his paranoid delusions returned. This left him without health insurance.

Over the next two years I’d tried everything to find effective treatment for him. Our family set up two interventions with the help of the county state’s attorneys office and I did another directly with the police. When these failed I found a wonderful officer in his neighborhood who “kept an eye on him” after I shared his story. Rather than helping, our “pro-active” interventions couldn’t stop his downward spiral and, in fact, led to him distancing himself from me. I had to learn to “let go” and begin to accept what, to me, was unthinkable. With the knowledge I had and the resources I found, I couldn’t help him “get well.”

In 2016 I found NAMI and attended the Family to Family training. Since then I have volunteered to help in various ways, continued to educate myself and am seeing a well-qualified therapist. I’m learning to accept—but work to change—a system that has been unable to help my son, to be patient with his need to find his own way in his own time, and to what I can to effect positive change.

I write this on the afternoon of the NAMIWalks Silicon Valley. Teams like the “Strong Soles” and “Never Walk Alone” convey the passion and conviction of our NAMI family. A team called “New Beginnings” used the image of a beautiful butterfly to make their point. In her speech, a mother spoke for me when she asked “Why? Why did she lose [her] child to suicide?” For me, I ask why was there no effective medical treatment to help my son? Why was he so ashamed about his illness and uncomfortable with the medication that he avoids treatment? But the question now, she said, is, “What now? How can we help change the way people view mental illness? How do we learn to see the signs early enough to help and know where to turn for effective help?

What can we do to influence changes in the medical and insurance delivery systems and push for more aggressive research on illnesses affecting the brain?”

These things are NAMI’s mission and now they are my mission and my search for a new beginning.

To learn more about what writing your story might entail and how we can work with you regarding privacy issues, please contact Helene Zimmerman, Executive Director at hzimmer@namisanmateo.org or 650-638-0800.

Pay it Forward – Car Donation?

Alan Cochran, an honorably discharged Veteran, NAMI member, In Our Own Voice presenter, and Peer to Peer co-teacher, needs help. In 2015, Alan's car was stolen and totaled by the car thief. While the car had liability insurance - due to the cost of full coverage - it was not insured against theft, hence Alan was unable to purchase a replacement vehicle.

If you are about to trade in an older vehicle or have a little-used car—in good running order—taking up space in your driveway, please consider donating it to Alan. He would like to continue pursuing his goal of educating the public that it is possible to live successfully and productively with a mental illness diagnosis.

If you would like to meet with Alan before making a decision, he would be happy to do so, contact him at alankcochran@gmail.com. Thank you.
