Dear Robert:

Thank you for making the 2011 State of New York/PEF Statewide Health and Safety Conference, "Health & Safety: NOW More Than Ever," a distinct success. Your enthusiastic participation was remarkable and demonstrates your commitment to ensure safe and healthy work environments. Sharing your workplace experiences with other conference attendees enriched the workshops and provided valuable insight into a wide range of health and safety issues that PEF members face.

At the same time, please join us in congratulating the Statewide Health and Safety Committee and the PEF Health and Safety Department for the excellent job they did in organizing the conference. We heard numerous accounts of labor and management challenging hazardous working conditions and successfully advocating for safer workplaces. Undoubtedly, the technical information and strategies learned at this conference will result in improved health and safety programs throughout the state.

Sincerely,
