A MESSAGE FROM THE COMMANDANT OF THE MARINE CORPS

On behalf of all Marines, I am pleased to extend greetings to the MCAA Don E. Davis Squadron Aviation Logistics Marines as you gather for your reunion. Your continued support and dedication to Marine Corps Aviation ensure that best practices carry forward and the camaraderie torch is passed between generations.

As we continue significant efforts to enhance Marine Aviation readiness at home, Marines remain in combat, forward-deployed across the globe. While fielding new aircraft, it is our Aviation Logistics community that leads the charge to sustain our workhorse legacy aircraft. By remaining solution focused and finding innovative solutions to new problem sets, Marine Aviation has realized measurable gains in equipment readiness essential to combat capability. Marine Aviation Logisticians are essential to ensuring Marine Aviation is always mission ready when the Marine Air Ground Task Force is called to the battlefield.

It is apparent that the Don Davis Squadron has had, and continues to have, a positive influence on the Marine Aviation Logistics community. As Marine Aviation Logisticians gather from far and near to reflect on past experiences and trade stories, I am confident the 2020 Aviation Logistics Reunion will be a memorable experience for all. Best wishes for a great event.

Semper Fidelis,
